Dear Janae:

It has been a pleasure working with your company on the **NERCC** project, located here in northern Minnesota.

I would like to commend Damian Etchison for his efforts and attention to detail. Damian was a great communicator and always rose to the occasion when needed. Trevor Bush was my on-site foreman and he always went out of his way to make sure things were done on time and right the first time.

I look forward to working with your company again soon.

Respectfully,

KRAUS-ANDERSON [®]CONSTRUCTION COMPANY
