9130 - PUBLIC COMPLAINTS

Complaints or concerns regarding personnel, programs, or general operations of the Nineveh-Hensley-Jackson United School Corporation should be addressed in the following manner:

A. Level 1

The complainant should first discuss the nature of his/her complaint at the source in an attempt to resolve the issue in an informal manner.

B. Level 2

When Level 1 does not resolve the issue, the complainant should register his/her complaint with that person's immediate supervisor/building principal. The supervisor/building principal should ask for clarification of the complaint and ask the individual what their suggested resolution would be. The supervisor/building principal should then attempt to resolve the problem.

C. Level 3

When Level 2 does not resolve the issue, the complainant should register a formal complaint, in writing, to the Superintendent of schools. The Superintendent will attempt to resolve the issue based on School Board policies and Administrative Guidelines wherever possible. A public complaint form is included, but not required, for the formal submission of a written complaint.

D. Level 4

Should administrative procedure fail to resolve the problem, the complainant or the school employee who is the subject of the complaint may request a meeting with the School Board of Trustees. Such meeting shall be arranged by the Superintendent within a reasonable time mutually agreeable to all parties. To the extent allowed by law, this meeting shall be closed to the public and held in Executive Session.

Note: A complainant who attempts to initiate this process in an attempt to circumvent the outlined chain of command should be referred back to the appropriate level.

Matters Regarding Instructional Materials

The Superintendent shall prepare administrative guidelines to ensure that students and parents are adequately informed each year regarding their right to inspect instructional materials and the procedure for completing such an inspection. See AG 9130A and Form 9130 F3.

Title	LIBRARY SELECTION/DESELECTION
Code	po9130.01

9130.01 - **LIBRARY SELECTION/DESELECTION**

The following objectives are considered in the selection of library materials. The library attempts to:

- A. Participate effectively in the school program as it strives to meet the needs of students and teachers.
- B. Provide students with the library materials and services most appropriate and meaningful for their growth and development as individuals.
- C. Stimulate and guide pupils in all phases of their reading so that they may find increasing enjoyment and satisfaction, and may grow in critical judgment and appreciation.
- D. Provide an opportunity through library experiences for students to develop useful interests, to make satisfactory personal adjustments, and to acquire desirable social attitudes.
- E. Help students become skillful and discriminating users of libraries and of printed and non-printed materials.
- F. Work with teachers in the selection and use of all types of library materials which contribute to the teaching program.
- G. Assist the administrative and teaching staff in planning and developing curriculum for the school.

The library should provide a wide variety of books, pamphlets, periodicals, discs, tapes, slides, pictures, filmstrips, and realia adapted to the interests and needs of pupils for reference use, for use in connection with classroom work and for personal enjoyment and recreational use. In selecting library materials, the certified library/media personnel will consult faculty members and professional selection aids. The criteria for selecting materials are enumerated below:

- A. Is the book, pamphlet, filmstrip, recording, etc., needed by the school?
- B. Is it the best of its kind available for its intended use?
- C. Does it meet the specific needs of our students and our curriculum?
- D. Are its format and contents suitable for the grade in which it will be used?
- E. Does it have literary merit and artistic integrity? In the case of non-fiction, is the information current and valid?
- F. Will it appeal to the youth for whom it is intended?
- G. Does it appear in one (1) or more selection tools or reviewing media?

Gifts of books or other materials must meet the selection criteria before they will be considered for the library collection.

Occasional objections to library materials will be made despite the quality of the selection process. When materials are questioned, the principles of intellectual freedom and the right of access to materials as expressed in the First Amendment to the United States Constitution, as well as the integrity of the certified library/media personnel, must be defended.

Subjects which come under frequent attack are sex, profanity, religion, ideology, and science. The policy regarding materials on these subjects is set out below:

- A. Sex and profanity: Books or materials of an obscene nature are not selected for inclusion in the library. Materials presenting accents on sex should be subjected to a stern test of literary merit. The sensational or over-dramatic should not be included, but the fact of sexual incidents or the appearance of profanity should not automatically disqualify the material. Factual material of an educational nature on the level of the reader should be available in the school media collection.
- B. Religion: Materials representative of the many religious groups, their beliefs, and their contributions to our American heritage should be provided.
- C. Ideologies: Teachers and school media personnel should select reading material which is carefully balanced to include various points of view on any controversial subject.
- D. Science: Medical and scientific knowledge should be made available without any biased selection of facts.

The following procedures will be implemented for handling library materials which are questioned by individuals or groups within the community.

- A. Complaints will be referred to the principal, who will inform him/her of the selection/deselection procedure.
- B. Request that the complainant complete one (1) copy of the "Request for Reconsideration of Library Materials" form.
- C. Forward photocopies to the Superintendent and to the appropriate building principal and librarian.
- D. Keep challenged materials on the shelf during the reconsideration process.
- E. Upon receipt of the completed form, the principal requests review of the challenged material by an ad hoc committee within fifteen (15) working days, and notifies the Superintendent that such a review is being done. The review committee is appointed by the principal and shall include a media professional, teachers, and at least one (1) student and one (1) parent.
- F. After receiving the challenged materials the review committee takes the following steps:
 - 1. reads, views, or listens to the material in its entirety;
 - 2. checks general acceptance of the material by reading reviews and consulting recommended lists;
 - 3. determines the extent to which the material supports the curriculum and/or supports the stated objectives of the library;
 - 4. completes the appropriate "Checklist for Ad Hoc Review Committee's Reconsideration of Material."
- G. Present written recommendation of the review committee to the Superintendent.
- H. Retain or withdraw the challenged materials as determined by the Committee in consultation with the Superintendent.
- I. Complainants who wish to appeal the Committee's ruling will direct a written request to the Superintendent for a hearing with the School Board. The Superintendent will notify the complainant of the time and place of the hearing.

9150 - **SCHOOL VISITORS**

The School Board understands that parents or other persons with legitimate educational purposes may visit the school; however, in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls.

The Superintendent or principal has the authority to prohibit the entry of any person to a school of this Corporation or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Persons who have been entered into the State Sex and Violent Offender Registry or the equivalent Federal registry will not be permitted access to school grounds, except as otherwise required to comply with State or Federal law.

Persons who meet the definition of Serious Sex Offender under Indiana law will not be permitted access to school grounds, except as otherwise required to comply with State or Federal law.

Visits by persons other than parents, including but not limited to outside therapists, doctors or other service providers, are subject to administrative guidelines established by the Superintendent.

The Superintendent shall promulgate such administrative guidelines as are necessary for the protection of students and employees of the Corporation from disruption to the educational program or the efficient conduct of their assigned tasks.

Rules regarding entry of persons other than students, staff, and faculty upon school grounds or premises shall be posted conspicuously at or near the entrance to such grounds or premises if there are no formal entrances, and at the main entrance to each school building.

Individual Board members who are interested in visiting schools or classrooms on an unofficial basis shall make the appropriate arrangements with the principal. In keeping with Board bylaws, such Board member visits shall not be considered to be official unless designated as such by the Board.

The Board member shall be visiting as an interested individual in a similar capacity of any parent or citizen of the community. These visits should not be considered to be inspections nor as supervisory in nature.

If, during a visit to a school or program, a Board member observes a situation or condition which causes concern, the Board member should discuss the situation first with the Superintendent as soon as convenient or appropriate. Such a report or discussion shall not be considered an official one from the Board.

If the Board member believes the situation or condition serious enough, the Board member may wish to inform the Superintendent in addition to the principal.

9160 - PUBLIC ATTENDANCE AT SCHOOL EVENTS

The School Board welcomes the attendance of members of the community at athletic and other public events held by the schools in the Corporation, but the Board also acknowledges its duty to maintain order and preserve the facilities of the Corporation during the conduct of such events.

The Board holds the legal authority to bar the attendance of or remove any person whose conduct may constitute a disruption at a school event. School administrators have the authority to call law enforcement officials if a person violates posted regulations or does not leave school property when requested. They are also authorized to use detectors and other devices to better ensure the safety and well being of participants and visitors.

If a person is asked to leave or is removed from a school event, no admission fees shall be refunded.

Further, if a person is asked to leave or removed from a school event during the school year, or if the severity of the incident leading to removal warrants, the Superintendent and/or designee may, after either meeting with the person or offering to meet with the person but the person refuses to meet or fails to respond to the offer to meet, ban him/her from attending school events for the remainder of the school year, or up to one (1) calendar year.

A person who is banned from attending school events for the remainder of a school year may appeal that decision to the Board, whose decision in the matter shall be final.

The Board directs that no alcoholic beverage or other controlled substance be possessed, consumed, or distributed nor any betting occur at any function sponsored by the Corporation or at any function occurring on Corporation premises.

Raffles and similar forms of fundraising by Corporation-related organizations may be permitted by the Superintendent in accordance with Policy 9211 - Corporation Support Organizations and Policy 9700 - Relations with Special Interest Groups.

No qualified person with a disability will, because the Corporation's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Corporation will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Corporation is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto.

Individuals with disabilities have an equal opportunity to purchase tickets for events that have been sanctioned or approved by the Board in accordance with the provisions of the Americans with Disabilities Act, as amended.

Further, in accordance with the provisions of the Americans with Disabilities Act, as amended, the Board shall permit individuals with disabilities to be accompanied by their service animals in all areas of the District's facilities where members of the public, as

participants in services, programs or activities, or as invitees, are allowed to go (see also Policy 8390 and AG 8390).

The Board is aware of the increasing desire of many parents and other members of an audience to make audio and/or video recordings of school events.

Such recordings can be made by parents or other members of the audience without restriction if the performance is not of the copyrighted material. However, if the performance is of copyrighted material, recording can be made if the appropriate license authorizing such recordings has been secured in advance by the Corporation. If the performance is of copyrighted material and the necessary license has not been secured in advance by the Corporation, the audience shall be advised before the performance begins that audio and/or video recordings that will be rebroadcast or distributed in any way, such as posting on the Internet, are prohibited.

The Board authorizes the Superintendent to establish rules and procedures governing the use of noncorporation audio/visual recording equipment at any Corporation-sponsored event or activity. Such rules are to be distributed in such a manner that members of the audience who wish to record the event are aware of the rules early enough to make proper arrangements to obtain their recordings without causing delay or disruption to an activity.

Any person or organization seeking to film students or a school activity which is not a public event shall obtain prior permission from the Superintendent.

The Superintendent shall ensure that all notices, signs, schedules, and other communications about school events contain the following language: "The activity site is fully-accessible. Any person requiring further accommodation should contact the School Corporation's central office."

For any school-related activity at which tickets for admission are sold, the Superintendent is authorized to allocate a certain number of tickets to be available at no charge.

Such tickets shall be distributed on a first-come, first-served basis.

9211 - CORPORATION-SUPPORT ORGANIZATIONS

The Board of School Trustees appreciates the efforts of all organizations whose objectives are to enhance the educational experiences of Corporation students, to help meet educational needs of students, and/or provide extra educational benefits not provided for, at the time, by the Board. In using the name of the Corporation or its schools and in organizing a group whose identity derives from a school(s) of this Corporation, the parental organization thereby shares responsibility with this Board for the welfare of participating students.

These needs may be educational to parents and/or children. In addition to parents, membership shall be available to the Corporation's professional staff.

Any new Corporation support organization desiring to use the name or good offices of the Corporation must obtain the approval of the Superintendent as a prerequisite to organizing.

Each approved Corporation support organization shall work within the appropriate school setting and in cooperation with the principals and other staff members. Each group will submit its bylaws to the Superintendent for approval and shall abide by the policies of the Board and the guidelines established by the Superintendent.

The Superintendent shall do the following:

- A. review the objectives of each Corporation support organization to determine that relevant educational needs are being addressed;
- B. provide assistance to a Corporation support organization in planning its activities;
- C. monitor the plans and activities of each Corporation support organization to ensure compliance with laws, Board policies, and the Superintendent's administrative guidelines;
- D. communicate school and/or Corporation needs and concerns to the Corporation support organizations and those of the Corporation support organizations to the Board;
- E. approve in-Corporation fund-raising activities of a Corporation support organization, as well as fund-raising activities held off-premises which involve students, and require that for any fund-raisers by Corporation support organizations which involve the sale to students of food items and/or beverages to be consumed on campus, the food and/or beverage items to be sold comply with the current USDA Dietary Guidelines for Americans and the USDA's Smart Snacks in Schools regulations, and be conducted from 12:01 a.m. until thirty (30) minutes after the end of the school day;
- F. recommend, for Board approval, out-of-Corporation fund-raising activities which involve students;
- G. establish and maintain procedures related to proposed monetary and other gifts to the Corporation from Corporation support organizations that will provide for proper screening, acceptance, acknowledgement, and use.

Representatives and members of approved Corporation support organizations shall in all circumstances be treated by Corporation employees as interested friends of the schools and as supporters of public education in the Corporation.

Staff members are encouraged to join such organization(s) in their related area(s) of specialization or interest.

The Board will not tolerate any undue pressure, harassment, or intimidation designed to coerce parents or teachers into membership in one (1) organization as opposed to another.

The Board relies upon approved Corporation support organizations to operate in a manner consistent with public expectations for the schools and reserves the right to withdraw sponsorship from organizations that violate the bounds of community taste.

By the end of June of each year, each Corporation support organization shall submit its tentative goals and objectives along with its fund-raising plans for the next school year to the Superintendent for review by the Board. Should the goals and objectives or fund-raising plans change during the school year, the Superintendent is to be advised before any final revisions are made.

The Superintendent shall require that each group's fund-raising activities are in compliance with Board policies, including Board Policy 5830, and that the funds are used for school-related projects that have the approval of the Superintendent and appropriate building administrators.

The Superintendent shall require that the Board receives an annual accounting of each Corporation support organization's receipts and expenditures no later than June 30th of each year.

9250 - RELATIONS WITH PARENTS

The School Board believes that the education of children is a joint responsibility, one it shares with the parents of the school community. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

The Board believes that it is the parents who have the ultimate responsibility for their children's in-school behavior, including the behavior of students who have reached the legal age of majority, but are still, for all practical purposes, under parental authority. During school hours, the Board, through its designated administrators, acts in loco parentis or in place of the parents.

The Board directs that the following activities be implemented to encourage parent-school cooperation:

- A. Parent-teacher conferences to permit two-way communication between home and school.
- B. Open houses in Corporation schools to provide parents with the opportunity to see the school facilities, meet the faculty, and sample the program on a first hand basis. Each school in the Corporation shall hold an open house at least periodically.
- C. Meetings of parents and staff members to explain and discuss matters of general interest with regard to child-school, child-home, or child-school-home relationships.
- D. Meetings of staff members and groups of parents of those students having special abilities, disabilities, needs, or problems.
- E. Special events, which are initiated by parent groups, involve the cooperative effort of students and parents, and are of general interest to the schools or community.

For the benefit of children, the Board believes that parents have a responsibility to encourage their child's career in school by:

- A. supporting the schools in requiring that the children observe all school administrative guidelines, and by accepting their own responsibility for children's willful in-school behavior;
- B. sending children to school with proper attention to their health, personal cleanliness, and dress;
- C. maintaining an active interest in the student's daily work and making it possible for the student to complete assigned homework by providing a quiet place and suitable conditions for study;
- D. reading all communications from the school, signing, and returning them promptly when required;
- E. cooperating with the school in attending conferences set up for the exchange of information of the child's progress in school.

The Board offers tuition-free enrollment to all school-age children with legal settlement within the Corporation's legal boundaries. In order to comply with the Indiana Compulsory Attendance law, the parent/guardian of a child between the age of 7 and 18 must be enrolled in an accredited school or be provided with instruction that is equivalent to the instruction made available by the Board.

If a parent/guardian does not enroll a child in an accredited school, the parent/guardian shall inform the Superintendent. The Superintendent shall inform the parents that later enrollment of the child in any of the Corporation's schools will be in accordance with Board Policy 5463 - Credits and Placement from Non-accredited Schools and the administrative guidelines associated with that policy.

A student who is being educated at a non-accredited or home school may enroll in one or more academic courses with the approval of the Superintendent. Such enrollments will be submitted to the State for funding purposes. The Superintendent may allow a resident student who is being educated at a non-accredited or home school and taking three (3) or more courses at a Corporation school to participate in one or more of the Corporation's co-curricular or extra-curricular activities provided s/he meets the eligibility criteria established for the activity. The School Board is well aware of the role that education will play in increasing the nation's productivity and future well-being. To ensure success requires the combining of talent and resources within the region between business and education. It also recognizes that schools of the Corporation need to operate as an integral part of the economic community if students are to receive the type of education and training they will need to function effectively in the twenty-first century.

The Board will seek to establish not only partnerships between the Corporation and individual companies but also, if possible, consortia involving several companies and/or school Corporations. The purpose will be to seek opportunities for students and staff to share in new strategies and technologies being created in the business world and offer, in exchange, the knowledge and skill of Corporation personnel in creating more effective continuing education for employees and members of the community. Properly planned and implemented, such partnerships or consortia could have significant impact on the nature and content of the curriculum as well as on the manner in which students are taught to learn.

The Superintendent is authorized to actively seek such partnerships.

The School Board recognizes that the local community offers many programs and events that provide learning experiences which are not available in the schools and which can help students become more literate, cultured, productive human beings.

The Board seeks to maintain continuing communication with those groups and organizations that enrich the life of the community and authorizes the Superintendent to cooperate with their leaders both in the use of Corporation resources that can aid their efforts and ensuring that members of the staff and student body are made aware of education-related activities of these groups. Further, the Board encourages members of the staff to make their many talents and specialized knowledge available, as time permits, to enhance the quality of such community activities.

The Superintendent shall develop administrative guidelines which will better ensure:

- A. community activities and events which are related to Corporation Courses of Study are incorporated, as appropriate, into such courses as either required or enrichment assignments;
- B. school activities to which the public is invited are scheduled, to the extent possible, so as not to conflict with other events in the community which would appeal to the same audience. Any request from civic institutions, charitable organizations, or special interest groups which involve such activities as patriotic functions, contests, exhibits, sales of products to and by students, sending promotional materials home with students, graduation prizes, fundraising, and free teaching materials must be carefully reviewed to ensure that such activities promote student interests without advancing the special interests of any particular group.

It is the policy of the School Board that students, staff members, and School Corporation facilities not be used for advertising or promoting the interests of any nonschool agency or organization, public or private, without the approval of the Board or its delegated representative; and any such approval, granted for whatever cause or group, shall not be construed as an endorsement of said cause or group by this Board.

A. Political/Commercial Interests

All materials or activities proposed by outside political or commercial sources for student or staff use or participation shall be reviewed by the Superintendent on the basis of their educational contribution to part or all of the school program, benefit to students, good taste and no such approval shall have the primary purpose of advancing the name, product, or special interest of the proposing group.

The Board shall permit the use of educational materials, programs, and equipment which contains commercial messages provided the content of such messages and the manner of presentation has been approved by the Superintendent and is in compliance with the Corporation's administrative guidelines. Outside speakers representing commercial organizations will be welcome only when the commercial aspect is limited to naming the organization represented and the subject matter advances the educational aims of the Corporation.

B. Patriotic Youth Membership Organizations

The Board may provide a representative of a Patriotic Youth Membership Organization, as defined and organizations listed in Title 36 of the United States Code (e.g., Boy Scouts of America, Girl Scouts of the United States, Big Brothers and Big Sisters of America, and Boys and Girls Club of America) that has an educational purpose and promotes patriotism and civic involvement to provide an oral, written, or oral and written information regarding the organization to students of the Corporation.

If the organization makes such a request to provide oral or written information to students, the Corporation is required to provide at least one (1) time each school year, with a specific day and time specified, for the organization to provide the information on Corporation property.

Prior to the representative from the Patriotic Youth Membership Organization being permitted on Corporation property, the Corporation shall conduct an expanded criminal history check on the representative seeking to present information to students on Corporation property. The Corporation may request written consent for the expanded criminal history check from

the representative of the organization. The representative is responsible for all costs associated with obtaining the expanded criminal history check.

A Corporation may, upon receipt of the expanded criminal history check, refuse to allow a representative to provide information if the representative that has been selected from the Patriotic Youth Membership Organization has been convicted of a felony listed in I.C. 20-28-5-8(c) or I.C. 20-28-5-8(d).

C. Contests/Exhibits

The Board recognizes that contests, exhibits, and the like may benefit individual students or the Corporation as a whole, but participation in such special activities may not:

1. have the primary effect of advancing a special product, group, or company;
2. make unreasonable demands upon the time and energies of staff or students or upon the resources of the Corporation;
3. involve any direct cost to the Corporation;
4. interrupt the regular school program; unless the student body as a whole derives benefit from such activities;
5. cause the participants to leave the Corporation, unless:
 - a. Board Policy 2340 - Field and Other Corporation-Sponsored Trips has been complied with in all aspects;
 - b. the Board has granted special permission;
 - c. the parents of a minor student have granted their permission.

D. Distribution/Posting of Literature

No outside organizations or staff member or student representing an outside organization may distribute or post literature on that organization's behalf on Corporation property either during or after school hours without the permission and prior review of the principal.

The Superintendent shall establish administrative guidelines which ensure that:

1. criteria established in Policy 5722 – School-Sponsored Publications and Productions are used to make a decision regarding materials that students seek to post or distribute;
