Add Recently Filled Drugs

Add a Drug

Done Adding Drugs

Start a New Plan Search

Check mark any medications you are regularly taking. A medication may be noted twice if you have picked it up in a 30- and 90-day supply or different dosage.

Add recently filled drugs

These are all the drugs you filled in the last 12 months. If you want to see their costs when looking at plans, select them, and then select “Next” to add them and review your drug list.

Add these drugs to my drug list:

- ☐ Select all drugs
-
- ☐ Carbidopa-levodopa 25-100mg tablet
- ☐ Metformin hcl er 500mg tablet extended release 24 hour
- ☐ Clonazepam 1mg tablet
- ☐ Sumatriptan succinate 25mg tablet
- ☐ Testosterone cypionate 200mg/ml solution
- ☐ Valsartan 80mg tablet

8. Click “Back to my saved drugs”

- ☐ Doxycycline hyclate 100mg capsule
- ☐ Levothyroxine sodium 25mcg tablet

Continue to View Plans

15. The next page will confirm your pharmacies, and you will click “start a new plan search”.

16. It will bring you to a main screen showing your current plan. Click on “Find Plans Now” to populate your options. You will be asked to confirm the plan year and your county of residence if the zip code covers multiple counties. Click “continue”
17. Choose Medicare Drug plan (Part D)
18. Click “Find Plans”
19. Your next plan is listed as the plan you currently have with the benefits of next year. It will already be added to compare. Scroll down to add the next plan showing. The next plan will be the plan with the lowest premium plus medication cost for all of 2026. You may choose up to 2 more plans and click “compare”

Tippecanoe, IN

Plan Name	Monthly Premium	Open Enrollment Starts	Action
SilverScript Choice (PDP)	\$29.70	October 15	Plan Details
Humana Value Rx Plan (PDP)	\$9.90	October 15	Plan Details
Wellcare Value Script (PDP)	\$8.60	October 15	Plan Details

Overview

20. Choose “Plan Details” to view specifics on medication cost and pharmacy pricing.
21. Click enroll to apply for the plan. (Will show after October 15th)

Notations

- These instructions are intended to help you in finding a Medicare Part D Drug Plan.
- Medications should be entered as prescribed by your doctor. Inaccurate input of medication details can display incorrect Drug Plan results.
- If you need to change your Drug Plan, you can complete your enrollment into the desired Drug Plan through the Medicare.gov website. Henriott HGI Solutions will no longer be assisting with Drug Plan changes during AEP.
- Medicare representatives can assist with determining your best Drug Plan fit and can also help you enroll in your desired Drug Plan. Contact Medicare at 800-633-4227. Please be aware that you could be connected to a representative that may try to enroll you in an Advantage Plan – listen carefully.
- You may only be in one Part D Drug Plan at a time. If you enroll in a new Part D Plan during AEP, the old Part D Plan will end on 12/31, and the new Plan will start on 1/1.
- The last application you complete during AEP will be your Plan for the next calendar year. For example, if you enroll in a new plan on October 20th, and in November, you find out you will take a different medication and complete a new application on November 20th, the second application will be your Plan for the next calendar year. The second application cancels the first application.
- All AEP applications will have a Plan start date of January 1st of the following year.
