HOW TO USE THIS SCALE:

(1) Determine the number of members in a Family Unit.

(2) Determine ALL income supporting the family + ALL sources of income (i.e., paystubs, alimony, social security, retirement, etc.)

(3) Find the number of family members in Column 1 ("Size of Family Unit").

(4) Determine the range in which the patient's "Family Income" falls.

(5) The column in which the patient's "Family Income" falls indicates the percentage of Sliding Fee Scale discount.
