Re: Terrell RYDC Facility

Dear Bob / Joe,

I want to let you guys know how much we appreciate the great partnership and work you provided to us on the Terrell RYDC facility for the Georgia Department of Juvenile Justice. It is our pleasure to provide this letter of recommendation for Pauly Jail Building Company.

The great experience with Pauly Jail in completing this facility adds to a list of many successful projects between our companies. As a construction manager providing services for criminal justice facilities in Georgia and the Southeast, the partnership that New South Construction has developed with Pauly Jail is a key to our continued success with these projects. The expertise your team provides during the preconstruction process and throughout construction is unparalleled in the criminal justice market.

We would highly recommend Pauly Jail to any potential clients. We look forward to many more successful projects in partnership with Pauly Jail as our preferred Detention Equipment Contractor.

Sincerely,

**New South Construction Company**

Douglas C Davidson  
Chairman/CEO
