

2018 IAFP Annual Convention Agenda

July 19-22, 2018 | The Alexander | Indianapolis, IN

CME PROGRAM DESIGNED FOR FAMILY PHYSICIANS

Earn 17.75 Live Prescribed AAFP CME credits at a meeting planned by family physicians to meet the needs of family physicians. Our education program is based specifically on previous attendee evaluations and member needs assessments. Three MC-FP KSA Study Groups (formerly SAM Study Groups) will be offered as optional sessions on Sunday, offering 8 AAFP Prescribed credits each.

REGISTRATION PRICING

Please note: Walk-in registration fees will increase \$100.

	IAFP Member	Non-IAFP Member
Full Conference Registration Fee	\$595	\$695
Includes: All General CME Sessions on Thursday, Friday, Saturday, & Sunday KSA (SAM) Study Groups (2 sessions will be offered in the morning and one in the afternoon); PDF of syllabus materials; Breakfast Friday, Saturday and Sunday and Lunch Thursday. Snacks and beverages will be available throughout the day. IAFP members may also attend Friday and Saturday lunch sessions of Congress of Delegates. 2 Adult tickets and 2 Children's tickets to the Saturday night All Member Party are also included!		
Thursday	\$250	\$300
Friday	\$250	\$300
Saturday	\$250	\$300
Sunday KSA - each session, am or pm	\$95	\$195
Please Note: Academy Business Meetings are open to all IAFP members regardless of attendance at CME sessions - you may register free of charge using the IAFP member registration form on our website.		
Electronic Syllabus	Free	Free
Printed Syllabus	\$50	\$50
Saturday evening All Member Party	\$25	\$50
All Member Party Children's Ticket	\$25	\$50

Note: 2 Adult and 2 Children's (age 2+) tickets are included with full conference registration

CME CREDIT BY DAY

Assuming all CME sessions are attended:

Thursday	5.75 credits
Friday	6.0 credits
Saturday	6.0 credits
Sunday	8 credits per KSA Study Group

Application for CME credit will be filed with the American Academy of Family Physicians. Determination of credit is pending. Updated credit certificates will be available on site.

Preliminary Agenda

Thursday, July 19

9am - 6pm Registration Open for attendees and exhibitors Alexander Ballroom Foyer

9am - 5:30pm Exhibits Open Alexander Ballroom Foyer

10am ***Opening of IAFP Scientific Assembly and Call for Late Resolutions***
- Rishet Patel, MD, IAFP speaker of the congress & Commission on Education member

10am - 4pm ***Essential Evidence CME Program***
This popular format, taught by nationally-recognized faculty, will review and analyze recent findings from pertinent clinical research with a focus on immediate implications for your daily practice. This is a fun and engaging CME program with no clinical bias and a focus on practical application. The faculty will provide an engaging, rapid-fire review of the most important research publications of the past two years. They will present and critically appraise new research evidence and meta-analyses in 30-minute blasts that will either change your practice or confirm that your current approaches are supported by solid evidence from randomized trials and other high quality studies. Each section ends with a bottom-line summary of key take home points.

Thursday's topics:

- ***Musculoskeletal Update***
- ***Women's Health***
- ***Hypertension***
- ***Infectious Disease Update***
- ***Asthma/COPD***
- ***Pediatric Potpourri***
- ***Hyperlipidemia***
- ***New Drugs***
- ***Men's Health***
- ***Acute Respiratory Infections***
- ***Editor's Choice***

12pm - 1pm Lunch Market Table

12pm - 1:30pm Past Presidents' Lunch Ralston

Essential Evidence Faculty:

Henry C. Barry, MD, MS is a professor of Family Medicine and Senior Associate Dean for Faculty Affairs and Development in the College of Human Medicine at Michigan State University. After graduating from the University of Maryland, he completed his family medicine residency at St. Lawrence Hospital in Lansing, Michigan and completed a master's in Clinical Research Design and Statistical Analysis at the University of Michigan School of Public Health. For over 20 years, as one of the original "POETs," he and colleagues have generated nearly 6000 POEMs – Patient Oriented Evidence that Matters – short critical summaries of original research on topics relevant to primary care physicians.

Emily Hall, MD, is an assistant professor of Clinical Family Medicine, associate program director of of the Family Medicine residency, co-director of Family Centered Maternity Care at the University of Illinois at Chicago. She attended medical school at Columbia University's College of Physicians & Surgeons and completed her family medicine residency training at the University of Illinois at Chicago. She is a full-spectrum family physician with clinical emphases on maternity and reproductive care, maternal-child health, and behavioral health. She is currently in the Masters in Health Professional Education program at UIC. Her medical-education research focuses on the teaching of procedural skills and remediation of learners in difficulty.

John Hickner, MD, MS, is Professor and Head of Family Medicine at the University of Illinois at Chicago and Editor-in-Chief of the Journal of Family Practice. After receiving his medical degree from Indiana University School of Medicine, Dr. Hickner completed his residency in family medicine at the Medical University of South Carolina and received a master's degree in Biostatistics and Research Design from the University of Michigan School of Public Health. His main research focus is patient safety, especially testing safety and medication safety in primary care practice.

Kate Rowland, MD, MS, FAAFP, is an Assistant Professor at Rush Medical College and faculty at the Rush Copley family medicine residency. She graduated from Rush Medical College, the Advocate Illinois Masonic family medicine residency, and the University of Chicago primary care clinical research fellowship. She is an associate medical editor for the AAFP's FP Essentials and sits on the editorial board of the Journal of Family Practice. She is also a board member of the Illinois Academy of Family Physicians.

1:30pm - 3pm	Foundation Board of Trustees	Pogue's Run
3:30pm - 5pm	Board of Directors	Pogue's Run
6pm - 7pm	Board Reception	CharBlue
7pm - 9pm	Board Dinner	CharBlue

Friday, July 20

7am - 6pm	Registration Open for attendees and exhibitors	Alexander Ballroom Foyer
8am - 6pm	Exhibits Open	Alexander Ballroom Foyer

9am - 5pm

Essential Evidence CME Program

Alexander Ballroom

Friday's topics:

- **Atrial Fibrillation/Anticoagulation**
- **Exercise and Rehab**
- **Renal**
- **Screening Update**
- **Editor's Choice**
- **Dementia**
- **PURLS 1 (Priority Updates from the Research Literature)**
- **Useful tools for point of care**
- **PURLS 2 (Priority Updates from the Research Literature)**
- **Vitamin Therapy**

12pm - 2pm

Lunch & Congress of Delegates - First Session

Alexander Ballroom

Our Congress is your chance to take an active role in IAFP business. All members are invited and encouraged to attend because every member is a delegate, and every participant will have a vote and voice.

5:15pm - 6:15pm

Reference Committee #1

Fletcher Place

5:45pm - 6:45pm

Reference Committee #2

Renaissance Place

ALL NEW! Enjoy Our Nourishment Hub!

Annual Convention attendees can enjoy a Nourishment Hub during the meeting, providing fresh and energizing refreshments throughout the day. Enjoy a different take on your typical coffee break! Coffee, tea, and a selection of soda, juices and other beverages will be available in addition to fresh fruit, filling snacks, and special treats for those with a sweet tooth!

Saturday, July 21

7am - 5pm	Registration Open for attendees	Alexander Ballroom Foyer
8am - 10am	Breakfast	Market Table
9am - 5pm	CME General Sessions	Alexander Ballroom

CME Topics Will Include:

- ***Emerging Strategies In Obesity Prevention And Care***
- William (Bill) Dietz, MD

In recent years, your Academy has been working with **Jump IN for Healthy Kids**, a central Indiana community-based initiative to prevent and reduce the prevalence of childhood overweight and obesity in central Indiana from an estimated 43% in 2015 to 38% by 2025. Jump IN's platform of multi-sector activities includes engaging central Indiana primary care providers, particularly family physicians and general pediatricians, to strengthen and expand their use of best practices in clinical care and clinical environments to prevent and manage childhood overweight in primary care settings. You may have attended a one-day CME workshop in September 2016 addressing pediatric overweight best practices in primary care, which was produced by Jump IN for Healthy Kids and offered AAFP CME credit.

Jump IN and IAFP have teamed up to bring you this nationally recognized thought leader who will address up to date solutions for tackling childhood overweight and obesity.

For more information about **Jump IN for Healthy Kids**, please visit:

www.jumpinforhealthykids.org/.

William (Bill) Dietz, MD, is the Director of the [Sumner M. Redstone Global Center for Prevention and Wellness](#) at the Milken Institute School of Public Health at The George Washington University. He is also the Sumner M. Redstone Center Chair. Dietz is a member of the National Academy of Medicine (formerly the Institute of Medicine) and serves as a consultant to the Roundtable on Obesity Solutions. He is the Director of the [STOP Obesity Alliance](#) at The George Washington University. He is Co-Chair of the Washington, DC Department of Health's Diabesity Committee, a Commissioner on the Washington, DC Office of the State Superintendent of Education's Healthy Youth & Schools Commission, and Chair of its Subcommittee on Physical Activity. Dietz is also Co-Chair of [The Lancet Commission on Obesity](#).

From 1997-2012, Dietz was the Director of the Division of Nutrition, Physical Activity, and Obesity in the Center for Chronic Disease Prevention and Health Promotion at the Centers for Disease Control (CDC). Prior to his appointment to the CDC, he was a Professor of Pediatrics at the Tuft's University School of Medicine, and Director of Clinical Nutrition at the Floating Hospital of New England Medical Center Hospitals. He received his BA from Wesleyan University in 1966 and his MD from the University of Pennsylvania in 1970. After the completion of his residency at Upstate Medical Center, he received a Ph.D. in Nutritional Biochemistry from Massachusetts Institute of Technology in 1981. He is the author of more than 200

publications in the scientific literature, and the editor of five books, including [Clinical Obesity in Adults and Children](#) (now in its 2nd edition), and [Nutrition: What Every Parent Needs to Know](#).

- ***Arming the Frontlines of Hepatitis C Care: Treatment in the Family Medicine Clinic - Lesley Miller, MD***

This Activity has been thoughtfully designed to bridge the knowledge and competency gaps faced by family medicine clinicians, particularly those within the 220 mostly rural counties in 26 states whose patients are especially vulnerable to infection with HCV based on the CDC-developed 'vulnerability index'. The lecture will provide physicians the opportunity to develop a good understanding of how to treat patients with hepatitis C, the benefits and limitations of available treatment options, and how to monitor patients both while undergoing treatment and following cure.

Upon completion of this Activity, the learner should be better able to:

- Initiate timely and appropriate HCV treatment based on available evidence and patient-specific characteristics;
- Describe current knowledge of effectiveness and adherence to treatment among patients with HCV and related comorbidities such as SUD, HIV, and/or cirrhosis;
- Describe recommendations for monitoring and follow-up care for patients with HCV receiving or completing DAA therapy

Provided by the North Carolina Academy of Family Physicians in collaboration with Med-IQ. Supported by an educational grant from Gilead Sciences, Inc.

Lesley Miller, MD | Associate Professor of Medicine | Division of General Medicine and Geriatrics
Emory University School of Medicine | Medical Director, Grady Liver Clinic, Atlanta, GA

Lesley Miller, MD is an Associate Professor in Emory University's Division of General Medicine and Geriatrics. Her clinical expertise, research and teaching center around primary care-based hepatitis C screening and treatment in underserved populations. Dr. Miller is the Medical Director of the Grady Liver Clinic, a primary care-based hepatitis C clinic that provides care for underserved patients with hepatitis C at Grady Memorial Hospital in Atlanta, GA. She also treats patients with HIV/HCV coinfection at Grady's Ponce de Leon Center. Dr. Miller leads nationally recognized HCV screening and linkage to care programs and lectures broadly on hepatitis C screening, treatment and alternate models of care.

- ***ELEVATE: Your Gender-Affirming Healthcare Environment for Optimal HIV Care - Asa Radix, MD, MPH, FACP***

This activity has been designed specifically for Family Physicians. The activity development team is headed by Dr. Asa Radix who is the Director of Research and Education, Callen Lorde Community Health Center, NY and Clinical Assistant Professor of Medicine, NYU.

Upon completion of this Activity, the learner should be better able to:

- Discuss culturally competent terminology and practices for creating a gender-affirming clinical environment
- Explain the vulnerabilities that transgender and gender non-conforming (TG/GNC) persons experience specific to HIV
- Identify opportunities to implement TG/GNC-inclusive prevention strategies for HIV

- Employ sustainable strategies to ensure HIV care retention for TG/GNC persons living with HIV

Asa Radix, MD | Callen-Lorde Community Health Center, New York, New York

Dr. Radix is the Senior Director of Research and Education at the Callen-Lorde Community Health Center and a Clinical Associate Professor of Medicine at New York University. Originally from the West Indies, Dr. Radix trained in internal medicine and infectious disease at the University of Connecticut and obtained postgraduate degrees in epidemiology and public health at Cambridge University.

Dr. Radix has over 20 years of experience providing HIV care, primary care and hormone therapy to transgender and gender non-binary people and is a recognized expert in transgender medicine. At Callen-Lorde Dr. Radix is also the clinical director of the center's Transgender Health Program that provides care to over 4000 transgender and gender non-binary individuals. Dr. Radix has contributed to multiple national and international guidelines in transgender health and is currently Co-Chair of the World Professional Association of Transgender Health (WPATH) Standards of Care version 8 working group. Dr. Radix is member of several boards/committees including the New York State AIDS Institute STI Quality Advisory Committee, the HHS Panel on Antiretroviral Guidelines for Adults and Adolescents, the Pan American Health Organization HIV/STI Technical Advisory Committee, the American Sexual Health Association, USPATH steering committee, and the medical advisory board of the UCSF Center of Excellence in Transgender Health. Dr. Radix is an Associate Editor of Transgender Health and serves on the editorial board for the International Journal of Transgenderism.

- ***Managing Clinical Risks - Who Are We Sending Home?***
- ***Kayur Patel, MD***

Upon completion of this Activity, the learner should be better able to:

- Recognize that all providers play a role in the successful outcomes of patient care
- Describe the pitfalls involved in an outpatient setting and how to avoid them
- Draw parallels from previous cases and identify what not to miss
- Appreciate the subtle changes in patient responses throughout the assessment and reassessment process. Incorporate evidence-based medicine into their daily practice.

Kayur Patel, MD, is a Practicing Emergency Department Physician. He is trained in both Emergency Medicine and Internal Medicine and is Board Certified in Emergency Medicine.

Dr. Patel is also a highly experienced physician executive. He has over twenty years of practical experience in medical management. This includes serving as the Former Chief Medical Officer of a 278-bed Community Hospital in Terre Haute, the former Medical Director for Emergency Medicine and Occupational Health, the former Director to Health Care Excel, the Quality Improvement Organization for Indiana, and current Chief Medical Officer of Access2MD, which offers Quality Provider Solutions and Patient Centered Practice Management.

Dr. Patel is a frequent speaker on the subject of quality in healthcare. He has extensive chart review experience focused on quality and adverse events. Dr. Patel has a special clinical interest in Pulmonary Embolism and Thrombolytics in an Acute Stroke.

Dr. Patel currently serves as consultant to KEPRO, the Quality Improvement Organization (QIO) for more than 30 states. His primary responsibility is to review medical records to see whether they meet the Standard of Care.

1:30pm - 2:30pm Board of Directors

Ralston

6pm - 10pm All Member Party

Punch Bowl Social

The All Member Party will take on an entirely new form this year, following its return last year in French Lick. Bring your families and enjoy the fun at [Punch Bowl Social](#), an entertainment venue in downtown Indianapolis offering all kinds of fun activities! It features a great lineup of bowling, arcade games, karaoke, billiards, ping pong, cornhole, bocce ball, shuffle board, and more! A great selection of food, craft cocktails and drinks will be available. The whole family is welcome to attend (after 10pm, this location is limited to ages 21+). You'll have fun with family physicians from across the state!

Sunday, July 22

8am - 10am

Breakfast

Market Table

8am - 12pm

KSA Study Group: *Women's Health*

- Complete the 60-question Knowledge Self-Assessment (KSA) with other family physicians in a fast paced, group discussion format facilitated by a family physician experienced with the topic.
- Facilitator will guide you through the 60 questions of the Knowledge Assessment portion of the MC-FP process.
- Engage in discussion and debate to help you decide on the correct answer as a group.
- Benefit from automatic reporting of your answers to the ABFM – your account will show you've successfully completed this KSA.
- Earn 8 AAFP Prescribed CME credits following successful completion of this session, and an optional 4 credits when you complete the Clinical Self-Assessment (CSA - formerly the Clinical Simulation) portion of the KSA on your own.
- Please note: due to recent significant changes to the ABFM's Maintenance of Certificate for Family Physicians
- (MC-FP) ([read about the changes here](#)) our SAM Study Groups are now called KSA Study Groups.

8am - 12pm

KSA Study Group: *Heart Failure*

- Complete the 60-question Knowledge Self-Assessment (KSA) with other family physicians in a fast paced, group discussion format facilitated by a family physician experienced with the topic.
- Facilitator will guide you through the 60 questions of the Knowledge Assessment portion of the MC-FP process.
- Engage in discussion and debate to help you decide on the correct answer as a group.

- Benefit from automatic reporting of your answers to the ABFM – your account will show you've successfully completed this KSA.
- Earn 8 AAFP Prescribed CME credits following successful completion of this session, and an optional 4 credits when you complete the Clinical Self-Assessment (CSA - formerly the Clinical Simulation) portion of the KSA on your own.
- Please note: due to recent significant changes to the ABFM's Maintenance of Certificate for Family Physicians
- (MC-FP) ([read about the changes here](#)) our SAM Study Groups are now called KSA Study Groups.

1pm - 5pm

KSA Study Group: *Hypertension*

- Complete the 60-question Knowledge Self-Assessment (KSA) with other family physicians in a fast paced, group discussion format facilitated by a family physician experienced with the topic.
- Facilitator will guide you through the 60 questions of the Knowledge Assessment portion of the MC-FP process.
- Engage in discussion and debate to help you decide on the correct answer as a group.
- Benefit from automatic reporting of your answers to the ABFM – your account will show you've successfully completed this KSA.
- Earn 8 AAFP Prescribed CME credits following successful completion of this session, and an optional 4 credits when you complete the Clinical Self-Assessment (CSA - formerly the Clinical Simulation) portion of the KSA on your own.
- Please note: due to recent significant changes to the ABFM's Maintenance of Certificate for Family Physicians
- (MC-FP) ([read about the changes here](#)) our SAM Study Groups are now called KSA Study Groups.

CME SESSION CREDIT INFORMATION:

Application will be made to the AAFP for 17.75 Live Prescribed CME credits. Updated credit certificates will be available on site.

AMA/AAFP Equivalency: AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 credit(s)[™] toward the AMA Physician's Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

ACCREDITATION STATEMENT: *The Indiana Academy of Family Physicians is accredited by the Indiana State Medical Association to provide continuing medical education for physicians. This CME/CE activity complies with all requirements of the federal Physician Payment Sunshine Act. If a reportable event is associated with this activity, the accredited provider managing the program will provide the appropriate physician data to the Open Payments database.*

DESIGNATION STATEMENT: *The Indiana Academy of Family Physicians designates this activity for a maximum of 17.75 AMA PRA Category 1 Credits[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.*

DISCLAIMER: *The material presented is being made available by the Indiana Academy of Family Physicians for educational purposes only. This material is not intended to represent the only nor necessarily the best methods or procedures appropriate for the medical situations discussed, but rather is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations. The IAFP disclaims any and all liability for injury or other damages resulting to any individual participating and for all claims, which may arise out of the use of the techniques, demonstrated therein by such individualism, whether these claims shall be asserted by a physician or any other person. Every effort has been made to assure the accuracy of the data presented. Physicians may care to check specific details such as drug doses and contraindications, etc., in standard sources prior to clinical application. This material may contain recommendations/guidelines developed by other organizations. Please note that although these guidelines may be included, this does not necessarily imply the endorsement of IAFP.*

CONSENT TO USE OF PHOTOGRAPHIC IMAGES: *Registration and attendance at, or participation in, IAFP meetings and other activities constitutes an agreement by the registrant for IAFP use and distribution (both now and in the future) of the registrant or attendee's image or voice in photographs, videotapes, electronic reproductions, and audiotapes of such events and activities. 20180612*
