Re: Letter of Recommendation
Re: 2016-2017 GGA Justice Projects

To Whom It May Concern:

We have been requested to furnish this letter of recommendation for Pauly Jail Building Co., Inc. and do so without hesitation: Fall of 2017 has marked the highly successful completion of two GGA Law Enforcement facilities for Bourbon & Miami Counties in Kansas, with Pauly Jail serving both projects as Detention Equipment Contractor (DEC); their technical & professional performance has been exemplary on each project, as it has been on numerous GGA projects in the past, with meticulous pre-construction planning, attention to detail, timely equipment delivery and excellent equipment installation. The increasingly daunting Detention equipment industry presented little difficulty for these projects under Pauly's specialized leadership.

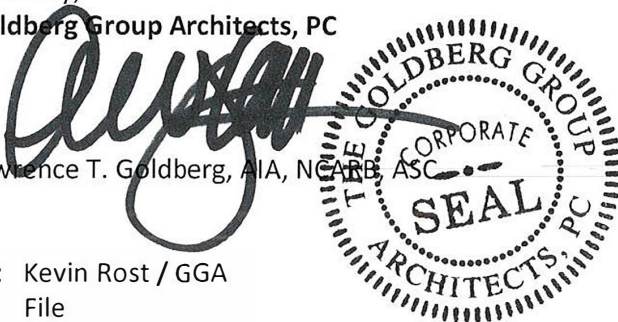

On Bourbon County's detention project, difficult local bidding conditions made budgeting and scheduling a particular challenge: with Pauly's contribution, however, the project was completed early and with zero change orders, a milestone for even our outstanding change order record.

As 2018 approaches, GGA is already involved in planning critical Detention equipment for several upcoming Justice Projects with Pauly's capable staff, ensuring the same successful outcomes we have enjoyed through collaborating with Pauly Jail for over 30-years.

As always, we welcome inquiries from Pauly's prospective clients, construction managers and applicable manufacturers.

Sincerely,
Goldberg Group Architects, PC

Lawrence T. Goldberg, AIA, NCARB, ASC
