RE: Pauly Jail Building Company Letter of Recommendation – Allen County Juvenile Detention Center

To Whom it May Concern,

Pauly Jail Building Company was the Detention Equipment Contractor on the Allen County Juvenile Detention Center project in Lima, OH. Pauly Jail was prompt in getting the detention door frames delivered to the site which greatly helped the project schedule.

Pauly Jail helped to make this a successful project and the owner was extremely pleased at the completion of the project. Peterson would recommend Pauly Jail as a Detention Equipment Contractor and we look forward to the next project with them.

Sincerely,

PETERSON CONSTRUCTION COMPANY

Ryan Schuerman
Project Manager
