

Support

Civic's mission is to foster a love of theatre through imagination, education, and participation. As Indiana's largest community theatre and one of the ten largest in the nation, Civic Theatre strives to provide professional-level opportunities on stage, in the audience, in the classroom, and in the community to Central Indiana residents.

Civic provides a broad range (100+ class offerings) of performing arts workshops for students, ages 18 months and older, with formal written evaluations, advanced levels of study, ties to academic standards, and established professionals as instructors. Civic's philosophy is to create a superior performer through proper technique and intensive study. This approach promotes meaningful and lasting change in the life of each student, whether or not they pursue a career in the performing arts.

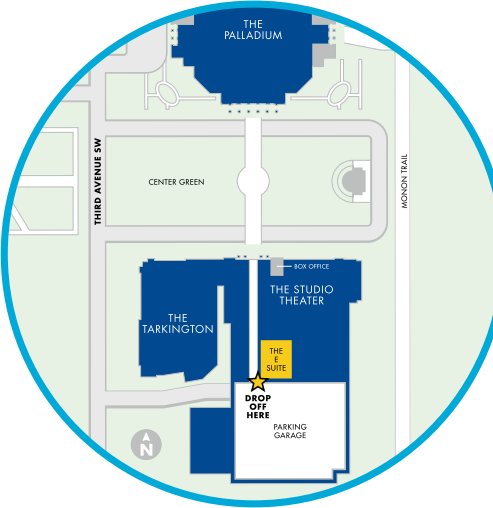

DID YOU KNOW? Civic Theatre generates less than 50% of its income through Mainstage and educational programs. The remaining portion of revenue arrives through the generous support of individuals, foundations, and corporations.

When you contribute to Civic Theatre, you are providing the essential support necessary for Civic to provide 55,000 opportunities on the stage, behind the scenes, in the classroom, and in the audience to community members every year.

Support Civic in its mission by consider making a tax-deductible donation today. To donate now, visit civictheatre.org/support.
