INVESTMENT MANAGEMENT

When Fortitude Private Wealth performs investment management services, we will do so on a discretionary basis. This means that while we maintain an ongoing relationship with each client, we will not seek specific approval of changes to the securities in client accounts. Each client's portfolio is invested according to that client's investment objectives. Fortitude Private Wealth determines these objectives with the client through reviewing client provided documents, client interviews and/or asking the client to put these objectives in writing. Once we ascertain your objectives for each account, we will develop a portfolio we believe will best fit your needs. Clients may engage Fortitude Private Wealth to manage all or a portion of their assets. Fortitude Private Wealth allocates client assets among multiple Exchange Traded Funds, however Fortitude Private Wealth may in certain circumstances utilize Mutual Funds, Equities, Bonds and other securities necessary to meet client's investment objectives. Fortitude Private Wealth may also direct or recommend how client's assets should be allocated in variable annuity products, employer-sponsored plans, and/or 529 plans. Clients retain the responsibility to promptly notify Fortitude Private Wealth if anything in their financial situation changes that may impact previously made investment recommendations.

What fees will I pay?**INVESTMENT ADVISORY SERVICES**

Generally, Fortitude Private Wealth will provide discretionary investment advisory services with the annual investment advisory fee based upon a percentage (%) of the market value of the assets placed under Fortitude Private Wealth's management, which shall generally be between 0.5% and 1.75% per year.

The annual investment advisory fee shall be paid quarterly, in advance, based upon the average daily balance during the billing period and will be automatically deducted from the client's account. Fortitude Private Wealth, in its sole discretion, may charge a higher or lower investment management fee based upon certain criteria (e.g., anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

FINANCIAL PLANNING SERVICES

Fortitude Private Wealth will charge a flat or hourly fee for financial planning services. The financial planning fees are negotiable depending upon the level and scope of the services required.

Fees may be paid via direct debiting from a client's advisory account or via direct invoice. Fortitude Private Wealth does not accept compensation for the sale of securities or other investment products, including asset-based sales charges or service fees from the sale of mutual funds.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more specific information regarding our fees, please refer our Disclosure Brochure, the ADV Part 2A under Item 5 Fees and Compensation by clicking [here](#).

 *"Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?"*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you.

Fortitude Private Wealth may recommend that a client rollover retirement plan assets to an Individual Retirement Account (IRA) managed by us. As a result of a rollover, we may earn fees on those accounts. This presents a conflict of interest, as Fortitude Private Wealth has a financial incentive to recommend that a client roll over retirement assets into an IRA we will manage. When we provide investment advice to you regarding your retirement plan account or individual retirement account, we are fiduciaries within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code.

For more specific information regarding our fees, please refer our Disclosure Brochure, the ADV Part 2A under Item 5 Fees and Compensation by clicking [here](#).

 *"How might your conflicts of interest affect me, and how will you address them?"*
