ICIS

Looking Ahead

As we wind down 2022 and prepare to welcome 2023, I am humbled by all that we have accomplished this first semester of school.

- We have fully resumed all normal activities, welcoming everyone back for Grandparents Night and Veteran's Day celebrations.
- The Book Fair was back in the building this year.
- Students have been able to venture off campus for field trips - to the fairgrounds, the zoo, and Connor Prairie.
- Our Innovation Studio opened and has been an amazing addition for ICES and ICIS students to embrace STEM and all the possibilities it holds.
- Our record breaking Walk-a-thon Fundraiser has enabled us to celebrate students in big ways.
- Parents have made their way back in the building supporting student activities in classrooms and on field trips.
- PTO merged for ICES and ICIS and has flourished with Trick or Treating and Cookies and Canvas. They have celebrated our staff several times already this year and are planning more fun for the spring.
- Student growth on our NWEA benchmark tests has been incredible.

Thank you for all your support this semester and for sending us such wonderful students to work with each day. I cannot wait to see all the fun and growth our spring semester holds.

Welcome!

Melissa Pharr has joined our ICIS Family! She is our new school secretary and will be greeting you anytime you come to our building or call our main phone line. She will be overseeing attendance calls as well. Please be sure to welcome her the next time you are in.

Calendar Reminders

Winter Break will begin December 16th at dismissal. Students will return to school on Tuesday, January 3rd.

We will not have school on January 16th in honor of MLK Day (unless a snow make-up day is needed).

Indiana Launches GPS Dashboard

First Iteration of Indiana's New Graduates Prepared to Succeed Dashboard Now Live! We know that students are so much more than a single test score. In collaboration with educators, families, communities, and employers, the state of Indiana recently launched [Indiana Graduates Prepared to Succeed](#) (Indiana GPS), a new performance dashboard that re-envisioning how the state strategically displays school performance and student learning. By displaying how students are building necessary knowledge and skills, this learner-centered, future-focused dashboard provides local families and community stakeholders with meaningful, relevant, and transparent information about school progress and performance. To access the dashboard, click [here](#).
