

# Change is Here: A CAATE Update

## 2019 District Lecture Presentation Handout

Presented by CAATE Commissioners  
Created by LesLee Taylor, PhD, LAT, ATC, President

# Disclaimer

- The Commission on Accreditation of Athletic Training Education (CAATE) is a non-profit organization and does not have any financial or other associations to disclose related to this presentation.
- Information in this presentation is provided in an effort to enhance communication and transparency, but does not supersede the policy and procedures and other official CAATE publications (e.g. *Standards*)

# The Commission believes

- ATs are healthcare providers
- We must continue to develop and promote the continuum of education
- There is value in accreditation of post-professional degree programs
- Development of clinical specialists should be achieved through post-professional education including residency & fellowship training
- A link between CAATE accredited residency programs and specialty certification is important
- Accreditation of International programs will promote the globalization of athletic training
