Re: Pauly Jail Building Company - Letter of Recommendation

To Whom It May Concern:

It is my pleasure to offer this Letter of Recommendation for Pauly Jail Building Company (Pauly Jail). I have had the pleasure of working with Pauly Jail on every jail project I have worked on and/or managed. It has been my experience that whether during design consultation or construction, one can always count on the expertise of Joe Pohrer, Jared Bailey and the rest of the team.

Our most recent project with Pauly Jail, the Posey County Jail, was no different and once again, Pauly Jail exceeded expectations. As the detention equipment contractor, their thoughtful coordination and leadership enabled schedule accelerations and provided a quality installation under budget. Their willingness to always go "above and beyond" helped lead to another satisfied client.

It is my hope that I continue to have the pleasure to work with the team at Pauly Jail Building Company. I know that when they are on the job, the best corrections equipment will be installed to the highest standards. I highly recommend the involvement of Pauly Jail Building Company in your next corrections project. If you have any questions, please contact me at (317) 517-8999 or eweflen@rqaw.com.

Sincerely,
