Mr. Robert Pohrer
Pauly Jail Building Company, Inc.
17515 Bataan Court
Noblesville, IN 46062

Dear Mr. Pohrer:

I have had the distinct privilege of working with Pauly Jail Building Company as the project manager on several jail construction projects in the state of Florida, including the St. Lucie County Jail where I have served as the Director of Detention since 2002.

The St. Lucie County Sheriff's Office contracted with Pauly Jail on a myriad of projects including the construction of 600 beds and the retrofit of doors and windows within the secure confines of the St. Lucie County Jail. The projects with your firm were always successful and completed in a timely manner. Your firm repeatedly performs to a level that exceeds expectations.

All of the Pauly Jail Building Company staff who were assigned to the St. Lucie County jail on these projects were extremely professional and exceptionally cognizant of our security protocols. I was also personally impressed with their individual work ethic and understanding of the requirements to complete the overall project in an expeditious manner.

I believe that Pauly Jail Building Company is an integral part of our overall success in the operation and security of the St. Lucie County Jail, and is second to no one in regards to attention to detail, work product and above all, customer service and support.

Respectfully,

A handwritten signature in black ink that reads "Major F. Patrick Tighe".

Major F. Patrick Tighe
Director of Detention and Court Services
