

FOUNDATION IMPACT REPORT

When we reflect on the past year, we are in awe of the commitment and generosity our Sisters have shown one another. Because of your investment in your Sisterhood, the Foundation is providing opportunities that encourage growth and leadership, and support the Fraternity's vision of inspiring women to realize their potential. We remained steadfast in this focus as we continued to see a greater need from our Sisterhood for opportunities that bring together a feeling of connectedness, a craving for wanting to learn more and to be inspired to grow personally and professionally. And with a significant increase in scholarship applications in 2021-22, we were reminded once again the importance of the Foundation and how our Sisterhood leans on one another. On the next pages you will see our Impact Report. We are proud of this work and look forward to continuing to inspire our Sisterhood in the upcoming year.

2023 will be an exciting time as we continue to lean in to creating opportunities that build connectedness. Our Day of Giving 2023 will take place on Founders' Day, April 17. This is an opportunity for Sisters to come together to make a huge impact for the Foundation and to give back to our Sisterhood. We also have The Workout, our recruitment training, taking place this summer for collegiate members as well as our National Convention in New York City. The Foundation is honored to provide funding for educational purposes for these events, and I hope you can join us in New York July 5-8 for Convention!

Thank you for entrusting us with your gifts and the continued loyalty and love for your Sisterhood.
