A piece of advice

Before they left, the seniors were asked if they had any advice for the underclassmen. Many of them said something to the degree of "Do your work" primarily because it makes your life easier (and sometimes teachers grade based on completion). Others left more detailed messages. See what wisdom they left!

Be smart. Think about your decisions.

-Cordale Morrison

A lot of teachers only grade for completion; just get it done.

-Kya Lasley

Ask questions when you have them! It will make your life so much easier.

-Rylee Murphy

Be nice to your teachers: They are human too. They have a life that is uniquely complex, just like yours, and they might have stuff going on in it, just like yours. You don't look cool for being mean to anyone, you kinda just look like an idiot.

-Dylan Johnson

Be your own person.

-Cody Wells

Comparing yourself to everyone else will eat you alive. This is your life, not anybody else's. Focus on self-love and acceptance and you will get so far.

-Regan Payton

Do not procrastinate and wait to do your homework or assignments.

-Alyssa Lewis

Do what you want to do.

-Izaak Emmert

Do what you're told.

-Caden Ringer

Do your homework anytime before the day it's due.

-Tobias Sturgell

Do your work.

-Parker Sisson

Do your work; it really isn't that hard.

-Jessie Swafford

Don't be annoying.

-Austin Rogier

Don't care about what others think.

-Emily Bryant

Don't pick up bad habits.

-Sam Creek

Don't procrastinate.

-Lilly Poindexter

Don't slack off; just get it done.

-Zane Davidson

Don't take high school for granted.

-Emma Garner

Don't try to be cool.

-Jett Oliver

Don't wait 'til the last minute to do everything.

-Abby Bockover

Just do your stuff in class and get it done instead of racing to get missing assignments done at the end of a grading period.

-Megan Murray

Just do your work, get it over with.

-Ethan Abbott

Just do your work. Doesn't have to be done right.

-Kayitah Duvall

Make your parents proud and stay in school.

-Jathan Bray

No one's opinion matters; do what you want.

-Bobbie Suttles

One bad decision can change your future.

-Isaac Carter

Plan when you are going to do your assignments and get them done as soon as they are assigned.

-Sam Boyd

PLEASE try your hardest your freshman year; it affects your GPA for the rest of high school.

-Kaitlyn DeHart

Senior year is not as hard as everyone makes it out to be.

-Josie Shoup

Stay in school.

-Norissa Bailey

Stop being so cocky...

-Joy Carlson

Stop taking up the whole hallway.

-Paxton Marshall

Take all the harder classes you can. Get that college work out of the way.

Time is the only thing that money can't buy; spend it wisely with the people that matter.

-Wyatt Rose

Keep up with your work even if you're struggling in life or school. Just try your best and ask for help.

-Anastasia Gross

Very few people can honestly say they know what they're doing. Try not to worry too much if you don't know either. You'll figure it out eventually.

-Cass Mitchell

If people their own age don't hang out with them, neither should you.
