Re: Performance Reference

Samantha,

It is my pleasure to provide this letter of recommendation for Pauly Jail Building Company. The Skillman Corporation recently completed a Jail Project with their team in Starke County, Indiana.

The experience we had with Pauly Jail was positive. Jared Bailey was a valuable resource starting at the preconstruction phase through closeout. Jared also assisted in coordinating his scope of work with the other trades during the construction phase of the project.

I would recommend Pauly Jail to potential clients on upcoming projects

Respectfully,

THE SKILLMAN CORPORATION
