

Job Description for Vice President of Health & Safety

Mission

To protect our brothers, and the broader campus community, by providing health and safety education.

Role

The Vice President of Health & Safety will champion Sacred Purpose within the local chapter/colony by providing health and safety programming to all members, pledges, and the greater campus community.

Responsibilities

- Serve on the chapter/colony's executive council as the third-highest ranking officer.
- Cultivate working relationships and serve as a liaison with campus and community health and safety professionals who can support the mission of Sacred Purpose.
- Identify campus and community resources available to the local chapter/colony and make those resources available to individual members.
- Twice annually, organize educational programs from the seven areas of Sacred Purpose that are open to the entire campus community.
- Organize the chapter/colony's educational program for each of the seven Sacred Purpose areas annually.
- Recruit a Health & Safety Adviser.
- Collaborate with the Health & Safety Adviser to set goals and create an annual strategic plan.
- Be a risk educator, not a risk manager.
