PROBATIONARY PERIOD

All new employees to the corporation shall complete a probationary period of thirty (30) working days. At the end of thirty days the supervisor will evaluate the new employee and recommend the removal of the probationary period. During the initial probationary period, employees are not eligible for holidays, sick days, personal days, vacation days, bereavement days, or benefits appropriate to the job classification.

ATTENDANCE

Employees are expected to be dependable and consistent in their work ethic. This requires reporting to work on time and on a regular basis.

ABSENCES

Employees who are going to be absent for any reason are expected to contact their supervisor as far in advance of their starting time as possible. Employees should explain why they are going to be late or absent and when they expect to arrive or return to work. It is the employee's responsibility to insure that proper notification is given. Employees who fail to give proper notice when absent are subject to the disciplinary procedures that could result in termination of employment.

Classified employees using more than three (3) consecutive workdays of sick leave must file a doctor's statement with the Superintendent's Office upon returning to work.

Only the Superintendent may exempt employees who must miss more than three (3) consecutive days due to a family illness, a natural disaster, or appearance in court from the preceding requirements.

With respect to 12-month employees, absences due to School Closings for inclement weather days, such as but not limited to (snow, ice, fog days) shall be discussed with the immediate supervisor and the Superintendent of Schools. Any time absent from the responsibility, including snow day(s), must be charged to personal or vacation days if compensation is to be received. No absence from work is to be taken with pay if personal, vacation and sick leave days have been exhausted.

E-LEARNING DAYS

There are a few different classified employee groups that are affected by e-Learning days, such as bus drivers/monitors, instructional aides, cafeteria workers, and/or office staff personnel. These different employee groups must get approval from their direct supervisor and must document to their direct supervisor the type of substitutionary work they must perform and complete within a timely manner, in order to be appropriately paid. Examples for bus drivers could be washing buses, watching safety training videos, etc. Instructional aides could assist teachers virtually with online activities, supervise extra events, etc. Cafeteria workers may perform additional cleaning duties. Office staff personnel may be able to perform their respective office work virtually. If they choose not to make up this lost time, then they will not get paid for these hours/days or they can choose to take a personal leave day.

HOURS WORKED

Based upon job classifications requirements work hours are determined by the Superintendent of Schools. Employees are expected to work the assigned regular hours.

Upon 2-hour delays all employees are expected to work the full day with respect to safety. Any time missed must be made up as early as possible upon approval of his/her direct supervisor.

Any time worked in excess of 40 hours each week must be approved by the immediate supervisor with approval of the Superintendent of Schools prior to the working of the extra hours.

When all sick and personal days have been exhausted, any additional absences will be without pay. Recurring workdays taken with no pay will result in a disciplinary procedure that could result in termination of employment.

In every instance an attempt must be made to resolve the situation.

Time sheets must be filled out by all classified employees each pay period and approved by their immediate supervisor and/or building principal. Timesheets are to be submitted on Monday at 9:00 a.m. to the Administration Office Payroll Department on a bi-weekly basis.

WORKERS' COMPENSATION INSURANCE

All employees are covered by Workers' Compensation Insurance at no cost to the employee.

If an employee is injured while on duty and the injury resulted from an accident arising out of his/her job assignment, the employee may be eligible for workers' compensation insurance subject to the rules of the State of Indiana.

In order to receive any benefits from this insurance, an employee must report the accident to their immediate supervisor and complete a Standard School Incident Report. The employee must provide the requested medical certification within fifteen (15) calendar days after the request was made. If the Superintendent has reason to doubt the validity of medical certification, the employee may be required to obtain a second opinion at school corporation expense. Leave Substitution

Employees may elect to substitute unused vacation, personal, sick or other qualifying leave for all or part of any otherwise unpaid family medical leave. The employee shall make this choice at the time of application of the leave of absence and said choice may not be rescinded thereafter. If the employee chooses to use his/her qualifying paid leave, it will be counted as part of the employee's

Maintenance of Group Insurance

During the family medical leave, eligible employees may maintain coverage under the employee's group health plans at the same level and under the same conditions for which coverage would have been provided if the employee had continued in active employment continuously for the duration of such leave. Employees who contribute to such a group health plan must continue to make such contributions during the period of their leave in order to maintain coverage. The employer may recover the premium paid for maintaining a employee's health plan coverage during any period of unpaid leave if the employee fails to return from leave after entitlement has expired, provided the employee fails to return to work for a reason other than the continuation, recurrence or onset of a serious health condition that would entitle the employee to leave, or other circumstances beyond the employee's control.

Restoration to Position and Benefits

Eligible employees returning from family or medical leave within twelve (12) weeks will be returned to the position that they held when they went on leave or they may be placed in equivalent positions with equivalent benefits, pay and other terms and conditions of employment.

Return To Work

Employees returning from any form of leave of absence must be able to assume all of the essential functions of their jobs upon return. As a condition to restoring an employee whose leave was based on the employee's own serious health condition, such employee must provide certification from the employee's health care provider stating that the employee is able to resume work.

Failure To Return From Leave

An employee granted a leave of absence pursuant to this policy who fails to return to work upon expiration of the leave granted shall be classified as "voluntarily terminated."

During the first twelve (12) weeks of leave for a serious health condition (either an employee's own or that of a qualifying family member), intermittent or reduced schedule leave may be taken when medically necessary. Employees seeking intermittent or reduced schedule leave must produce medical certification issued by a health care provider. Employees who have requested foreseeable intermittent or reduced schedule leave due to planned medical treatment may be transferred temporarily to an available alternative position at the discretion of the Superintendent if the alternative position better accommodates recurring periods of leave than the employee's regular position, provided the employee is qualified for the alternative position and the position has equivalent pay and benefits.

During the leave, employees may be required to provide periodic reports on his/her status and intent to return to work following the leave. Requested information must be provided within fifteen (15) days of the request.
