

ANDERSON PUBLIC LIBRARY TEEN ROOM POLICY

Anderson Public Library's Teen Room is a place for teens in our community to feel safe and comfortable hanging out with their peers in a space that was created just for them. The Teen Room and its computers, games, seating, and activities are designed for customers in grades 6-12. Customers of all ages may enter The Teen Room to retrieve materials for checkout. Adult tutors may use the teen space if currently working with teen students. We encourage customers who are not within this age group to access other areas of the public library.
