# Fiscal and Qualitative Indicators Report

# Report on Corporation Financial Condition

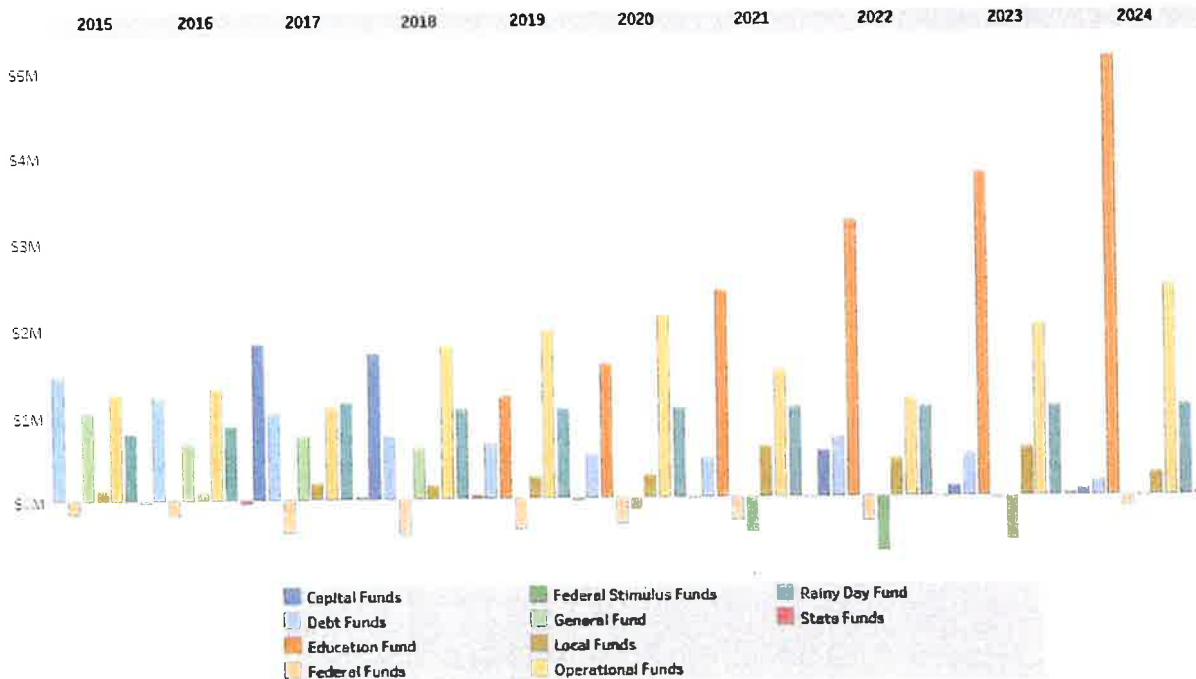

- **House Enrolled Act 1315 (2018) established the Fiscal and Qualitative Indicators Committee, under the direction of the state's Distressed Unit Appeal Board.**
- **Through public hearings and meetings in June – October, 2018, the committee developed indicators used to evaluate the financial condition of school corporations.**
- **The DUAB reviewed indicators for each corporation in early 2019 and the director contacted several corporations to discuss their financial condition based on these indicators.**
- **Indiana Code 5-13-7-8 requires each Indiana public school corporation to present a written report on these indicators for review at a public school board meeting in January (at the meeting where the School Board convenes as the Board of Finance), beginning January, 2020. This presentation satisfies that requirement.**

# 1. Average Daily Membership

\*Since 2015, there has been an annual decrease in student enrollment. For the past five years, student enrollment has decreased from 1,297 to 1,225. The first count of 2024 – 2025 was 1,244, representing a decrease. During the initial ADM count of the 2025-26 school year we had 1178 students.

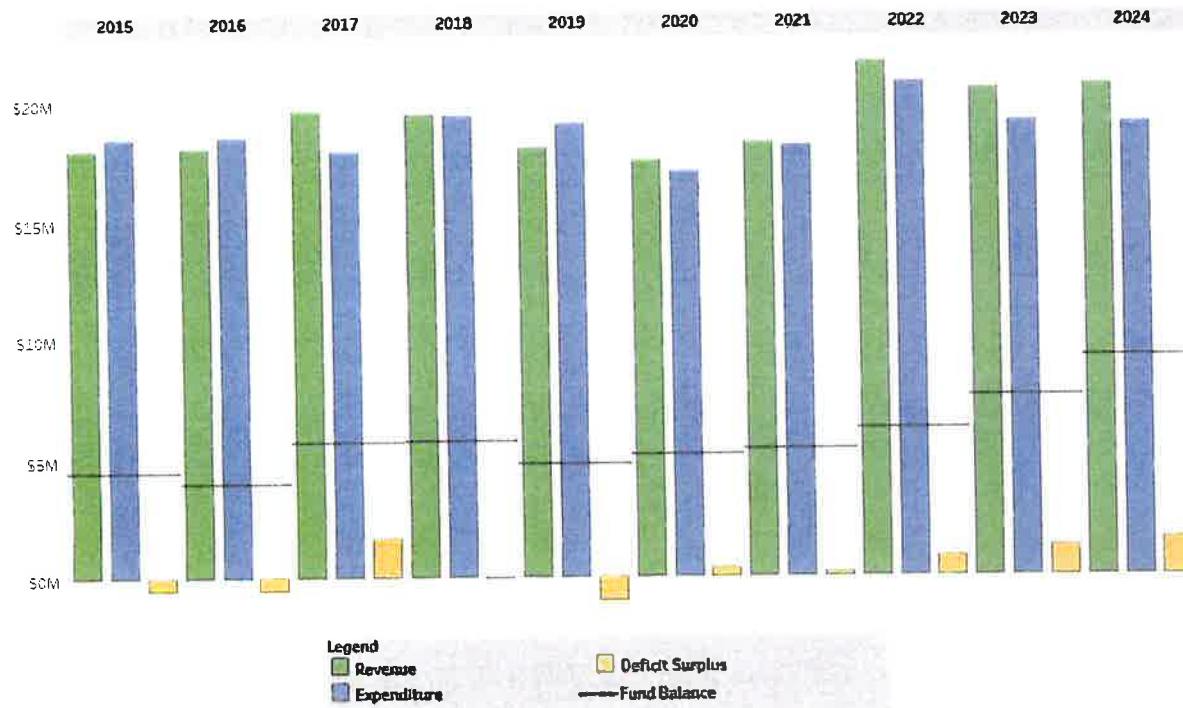

## 2. Fund Balances

\*Our Education Fund balance has increased to \$5.1 million. We have been able to increase teachers salaries from 44,855 to 45,250 and maintaining an average class size of 19 students. These balances are definitely appropriate with the maintaining of three payrolls balances in our Education Fund.

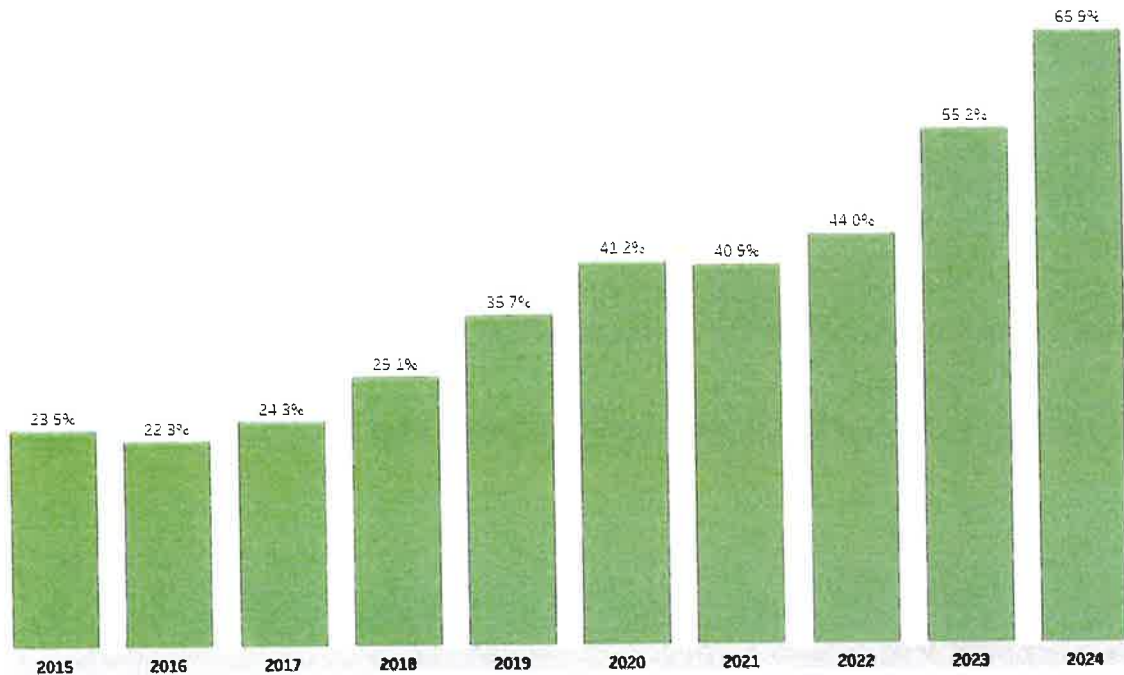

### 3. Annual Deficit/Surplus

\*We continue to have a strong and consistent history of our revenue exceeding our expenditures on an annual basis.

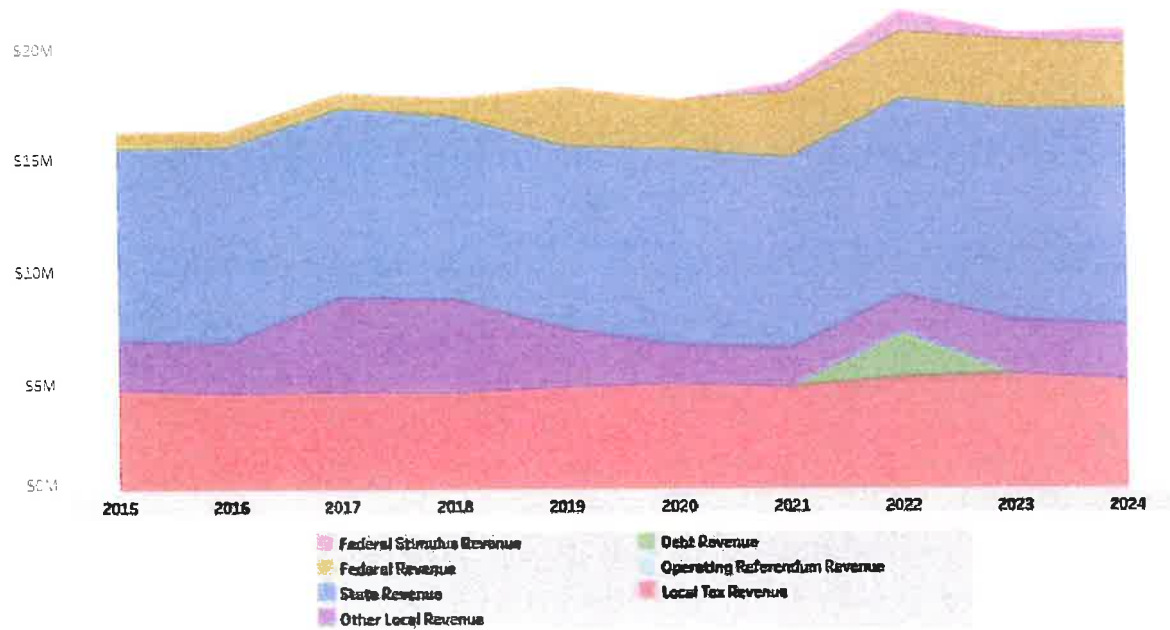

## 4. Fund Balances as Percent of Expenditures

\*An 8.3% fund balance (1 month of expenditures) is considered an absolute minimum for financial health. A 20% balance (slightly over 2 months of expenditures) is a desired target. The six-year average UCCCJSD balance over 45% is considered a sign of excellent financial health.

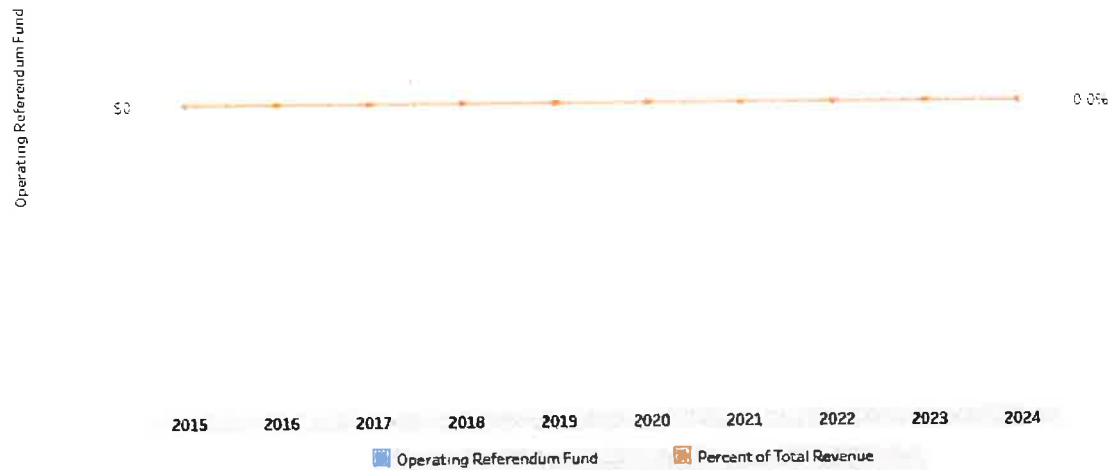

## 5. Revenue by Type

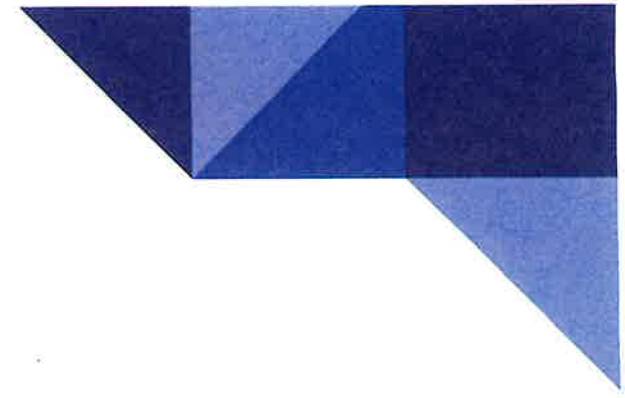

\*This indicator is used to identify trends and any anomalies in revenue sources and also to identify an excessive dependence on operating referendum revenue (if applicable). Revenue for UCCCJSD from all sources is within expected ranges, and UCCCJSD has no operating referendum revenue.

## 6. Operating Referendum Revenue as % of Total Revenue

Union County College  
Corner Joint School  
District has not sought an  
operating referendum;  
therefore this indicator  
does not apply to  
UCCCJSD.

Questions?

The background is a solid dark blue. In the top right corner, there is a decorative element consisting of several overlapping triangles in different shades of blue, creating a geometric pattern. A white rectangular box is positioned in the upper left to center area of the slide, containing the text.
