First Regular Session of the 124th General Assembly

SUMMARY OF NEW LAWS

PREPARED BY THE SENATE MAJORITY COMMUNICATIONS OFFICE WITH ASSISTANCE FROM THE SENATE MAJORITY ATTORNEY'S OFFICE

PREFACE

This document is a compilation of publicly available documents and information regarding the laws passed by the Indiana General Assembly in 2025. It includes 243 bills and three joint resolutions passed during the Legislative Session completed on April 25, 2025.

For each bill, this book includes the digest, a summary of the legislative actions, the Indiana Code citations affected and the effective dates. The addendum at the back includes information on the Governor's veto of HEA 1002-2024, as well as public law/bill number conversion charts.

Readers interested in specific areas of the law can use the Legislative Matrix actions, beginning on Page 91, to identify which bills were heard by the legislative committee(s) with jurisdiction over a given legal topic.

For further information concerning 2025 new laws, please contact the Senate Majority Attorney's Office at (317) 232-9413. You can also visit the Indiana General Assembly home page at iga.in.gov.

2025 SESSION DIGEST OF ENACTMENTS

Comprising All Public Laws through the 124th Indiana General Assembly, First Regular Session (2025). (Updated 5/12/2025.)

DIGEST OF HB 1001 (Updated April 25, 2025 1:24 am - DI 125)

State budget. Appropriates money for capital expenditures, the operation of the state, K-12 and higher education, the delivery of Medicaid and other services, and various other distributions and purposes. Provides that the annual salary of the members of the general assembly shall not be increased during the biennium beginning July 1, 2025. Extends the review, analysis, and evaluation of tax incentives by the legislative services agency through 2030. Requires the legislative services agency to perform a fiscal impact analysis for each executive order issued by the governor under the emergency management and disaster law. Requires state officials to report to the budget committee expenses and funding used for trips taken in their official capacity. Provides that if the budget director determines at any time that a state agency can perform the agency's statutory obligations with less than the amount appropriated, the budget director shall, with the approval of the governor, and after notice to the state agency, reduce the amount or amounts allotted or to be allotted. Requires the budget director to withhold not less than 5% of any appropriation to a state agency to be used for salaries or other wages for state agency employees or general operating expenses of the state agency. Repeals the governor's workforce cabinet. Makes conforming changes. Requires the department of natural resources (not the Indiana department of veterans' affairs under current law) to provide staff support to the Indiana semiquincentennial commission and repeals provisions requiring certain meetings and events of the commission to be held at the World War Memorial in Indianapolis. Removes a requirement to include certain services in a lease between the Indiana department of administration and the Indiana historical society for use of a building. Makes an appropriation from the Pokagon Band Tribal-state compact fund to the Midwest continental divide commission fund. Establishes the Indiana local government investment pool board for the purpose of establishing policies governing the investment of funds contributed to the local government investment pool. Removes political affiliation requirements that apply to members appointed by the governor to the board for depositories. Allows the Indiana finance authority to begin a project related to the Learning and Training Center in Boone County beginning July 1, 2027 if certain conditions are met. Provides that a price preference for certain businesses applies to any proposal, contract, project, or agreement of the Indiana department of transportation, including state highway contracts, to the extent that the bid does not exceed the estimated cost of the project. Provides that the Indiana department of administration has sole control and jurisdiction over the policies governing and the usage of the Beth Bowen Meditation Room in the state capitol building. Exempts the Indiana board of tax review from requirements concerning live transmissions of meetings. Removes the statewide innovation development district fund as a funding source for an agreement between the Indiana economic development corporation (IEDC) and a taxpayer to receive payment in lieu of claiming an economic development for a growing economy tax credit. Amends the cap on the aggregate amount of tax credits the IEDC may certify each year. Requires the department of state revenue to establish an amnesty program for taxpayers who have an unpaid tax liability for a listed tax that was due and payable before January 1, 2023. Increases the cigarette tax by $2 per pack on cigarettes weighing not more than three pounds per 1,000 and by a proportionate amount on cigarettes weighing more than three pounds per 1,000. Increases the

tax rate imposed on the sale of closed system cartridges, open system electronic cigarettes, moist snuff, alternative tobacco products, other tobacco products, and cigars. Specifies penalties for the underpayment of certain estimated taxes for pass through entities. Increases the amount of the public utility fee from 0.15% to 0.175% of the public utility's annual gross intrastate operating revenue and transfers the public utility fee revenue and certain payments to the state general fund (not the public utility fund under current law). Requires termination of the compact related to the establishment of the Chicago-Gary Regional Airport Authority. Requires that the salary matrix for state police, capitol police officers, and department of natural resources law enforcement officers be adjusted each time an adjustment is made to a pay plan for state employees in the executive branch. Adds purposes related to the Stop the Bleed program and the purchase of bleeding control kits to the allowable purposes for which a secured school fund matching grant may be used. Provides that a managed care organization that participates in the risk based managed care program that fails to pay a claim submitted by a nursing facility provider within a specified period shall pay a penalty of $500 per calendar day per claim. Requires the office of the secretary of family and social services (office of the secretary) to determine rebate eligibility for outpatient prescription drugs prescribed to Medicaid recipients from certain entities. Adds a member from the mental health Medicaid quality advisory committee to the therapeutics committee. Removes the prohibition on prior authorization for mental health drugs. Allows the office of the secretary to establish a prior authorization program. Specifies provider payment requirements that apply to any managed care organization that participates in the risk based managed care program. Establishes the health care engineering fund for the purpose of funding plan reviews for certain health facilities. Imposes a fee for each plan review, which is deposited in the fund. Repeals the provisions requiring the office of the secretary of family and social services to transfer $38,000,000 each year to the Health and Hospital Corporation of Marion County. Makes certain eligibility changes for the On My Way Pre-k program and the CCDF program. Adds therapeutic ibogaine research to the research that is currently funded under the therapeutic psilocybin research fund. Provides that a community mental health center that provides compensation to any individual employee in an amount that is $400,000 or more per year is not eligible to receive funding from local property taxes or state programs or grants, but excluding the Medicaid program. Requires the department of natural resources to provide free admission to state parks to a Gold Star family member. Requires the bureau of motor vehicles to update the Gold Star family member license plate form. Provides that funding to a local board of health from the local public health fund may only be used for Indiana residents who are legal citizens of the United States. Extends the sunset of the collection of health facility quality assessment fees from June 30, 2025, to June 30, 2027. Specifies that a company that seeks to construct, operate, and maintain a carbon dioxide transmission pipeline in Indiana must apply to the department of natural resources (DNR) for a carbon dioxide transmission pipeline certificate of authority (certificate). Amends provisions in existing law that provide an exemption from the requirement to obtain a certificate under certain circumstances to specify that the exemption does not apply in circumstances in which the proposed pipeline crosses a parcel for which the pipeline company would be required to obtain a right-of-way or easement for the pipeline. Establishes the carbon sequestration project program administrative fund (fund) for the purpose of defraying the administrative costs of the DNR in managing and operating the carbon sequestration project program (program). Requires the DNR to deposit the following in the fund (instead of in the state general fund, under current law): (1) Filing fees for applications for carbon dioxide transmission

pipeline certificates of authority. (2) Filing fees for applications for permits for carbon sequestration projects. (3) The fee paid by a storage operator based on the amount of carbon dioxide injected into a storage facility. (4) The cash bond and permit fee required to be paid by a person that applies for a permit for drilling, converting, or operating a nonproduction well for use in carbon dioxide investigations. Requires the DNR to deposit certain fees and penalties in the carbon dioxide storage facility trust fund (instead of in the state general fund, under current law): Amends the Indiana Code section requiring the payment of a fee that is based on the amount of carbon dioxide injected into a storage facility by a storage operator, to provide that the fee is to be: (1) paid annually (instead of one time after the storage operator begins injecting carbon dioxide into the storage facility); and (2) based on the number of metric tons of carbon dioxide injected into the storage facility during the immediately preceding calendar year (instead of based on the metric tons of carbon dioxide proposed to be injected during the first 10 years of the carbon sequestration project). Requires the secretary of education to provide a report and recommendation to the general assembly concerning aligning state funding for dual credit and the advanced placement program with the new high school diploma and expanding access to dual credit course work to all Indiana students. Prohibits a school employer from bargaining collectively with the exclusive school employee representative regarding contract costs for curricular materials. Establishes a teacher appreciation grant program to provide grants to school corporations and charter schools to attract, reward, and retain teachers who significantly impact student outcomes. Repeals the chapter establishing the curricular materials fund and certain provisions related to procedures for reimbursement of costs of providing curricular materials. Removes the annual income maximum for choice scholarship eligibility beginning June 29, 2026. Specifies the maximum tuition or fee amount that may be charged to enroll a career scholarship student enrolled in the career scholarship account (CSA) program, or an approved intermediary acting on behalf of a career scholarship student, in a career and technical education program, course, or class. Changes the administration of the education scholarship program and the CSA program from the treasurer of state to the department of education, and in certain instances, the responsibilities related to the CSA program from the commission for higher education to the department. Requires the state board of education to meet at least one time per year (instead of one time per month). Requires the commission for higher education to annually prepare and submit to the legislative council and to the budget committee a report that examines the utilization of physical facilities for instruction at each state educational institution. Amends the membership appointments and requirements for the board of trustees of Indiana University. Requires a state educational institution (institution) to plan and conduct degree program reviews. Provides that if: (1) the average number of students graduating in a degree program is below a certain threshold; and (2) the institution would like to continue the degree program; the institution must request approval from the commission. Requires the board of trustees of each institution to establish a post tenure review process for tenured faculty that measures productivity and a review process regarding department level promotions and tenure expectations. Requires a faculty member to post syllabi on an institution's website. Provides that: (1) certain faculty governance organization meetings must be open to the public; (2) faculty governance organization actions are advisory only; and (3) members of faculty governance organizations must be employees of the institution to vote. Repeals provisions regarding the election of members to the board of trustees of Indiana University by the alumni of Indiana University. Repeals the nonreverting provisions for the higher education award fund and the freedom of

choice grant fund. Authorizes the department of child services to enter into a written agreement with the department of state revenue to transfer the administration of the child support bureau to the department of state revenue. Requires a clerk to collect a small claims service fee of $26 in each action filed in a Marion County small claims court. Establishes the small claims fund. Requires the court to distribute certain fees to the county auditor for distribution to the small claims fund. Provides that the fees in the small claims fund are to be distributed equally among the townships and the fees must fund the operation of the small claims court located within the township. Amends provisions concerning the designation of an innovation development district (district) to add certain qualification requirements. Provides for the determination of the: (1) base assessed value; (2) gross retail base period amount; and (3) income tax base period amount; in a district. Requires the executive of a city, county, or town, or, if applicable, executives, and the IEDC to enter into an agreement establishing the terms and conditions governing any district (instead of only certain districts). Repeals the statewide innovation development district fund. Establishes the economic development reserve account. Increases the maximum amount of covered taxes that may be captured in the Evansville professional sports and convention development area (PSCD) from $10 per resident to $2,000,000 and expands the PSCD area. Provides that unexpended and unencumbered amounts appropriated from the federal economic stimulus fund in P.L.165-2021 do not revert to the state general fund. Requires the state comptroller to transfer: (1) $15,000,000 from the addiction services fund; and (2) $25,000,000 from the department of insurance fund; to the tobacco master settlement agreement fund on July 1, 2025. Requires the budget agency to transfer to the state general fund the balance in the freedom of choice grant fund (IC 21-12-4-5) and the higher education award fund (IC 21-12-3-19) that is not needed for the payment of scholarship awards in the state fiscal year ending June 30, 2025. Requires the office of management and budget to submit a report to the budget committee with options for reforming: (1) a certain funding model in the Indiana office of technology; and (2) the management performance hub. Requires the northwest Indiana regional development authority to transfer certain money received from wagering revenues to the northern Indiana commuter transportation district for operation and maintenance costs of the South Shore line that are attributable to the operations of the part of the South Shore line located in Lake County. Provides that: (1) an appropriation to the legislative council and the legislative services agency for a state fiscal year ending before July 1, 2027, reverts to the state general fund as directed by the personnel subcommittee of the legislative council; and (2) an employee in an entity in the legislative or judicial branch of state government is eligible to participate in a pilot program for converting unused excess accrued leave to a monetary contribution for the employee in the employee's 401(a) matching account with Hoosier START. Changes the effective dates of the provisions of HEA 1601-2025 to January 1, 2026. Urges the legislative council to assign to the appropriate interim study committee during the 2025 legislative interim the task of studying the impact of removing caseload limitations for the department of child services. Makes conforming changes.

DIGEST OF HB 1003 (Updated April 24, 2025 2:07 pm - DI 141)

Health matters. Specifies that the Medicaid fraud control unit's (MFCU) investigation of Medicaid fraud may include the investigation of provider fraud, insurer fraud, duplicate billing, and other instances of fraud. Permits the attorney general to enter into a data sharing agreement with specified state agencies and authorizes the MFCU to analyze this data to carry out its investigative duties. Provides that all complaints made to the MFCU are confidential until an action is filed concerning the complaint. Requires the office of the secretary of family and social services to establish: (1) metrics to assess the quality of care and patient outcomes; and (2) transparency and accountability safeguards; for a specified long term care risk based managed care program. Requires, not later than July 31, 2026, a clinical laboratory and diagnostic imaging facility to post certain pricing information for services determined by the department of insurance. Allows: (1) a manufacturer to provide; and (2) a patient to receive; individualized investigational treatment if certain conditions are met. Requires an Indiana nonprofit hospital system to report a list of facilities that may submit a bill on an institutional provider form and report the facility code for each facility. Adds provisions concerning payments by insurers, health maintenance organizations, employers, and other responsible persons to qualified providers that are providing services in an office setting. Requires good faith estimates for health care services to be provided at least two business days (rather than five business days) before the health care services are scheduled to be provided. Removes language concerning the disclosure of a trade secret from provisions that allow for a health plan sponsor to access and audit claims data. Provides that when a health carrier is in the process of negotiating a health provider contract with a health provider facility or provider, the health carrier must provide certain information to the health provider facility or provider. Prohibits certain provisions from being included in a health provider contract. Allows the department of insurance to: (1) enter into partnerships and joint ventures to encourage best practices in the appropriate and effective use of prior authorization in health care; and (2) receive information regarding prior authorization disputes. Requires the

department of insurance to prepare a report with findings and recommendations related to the prior authorization dispute information. Requires, not later than September 1, 2025, the department of insurance to issue a request for information concerning ways to better enable medical consumers to compare and shop for medical and health care services. Provides that an insurer or a health maintenance organization may not deny a claim for reimbursement on the sole basis that the referring provider is an out of network provider. Requires, if a fully credentialed physician becomes employed with another employer or establishes or relocates a medical practice in Indiana, an insurer and health maintenance organization to provisionally credential the physician for 60 days or until the physician is fully credentialed, whichever is earlier. Requires the Indiana department of health, in consultation with the office of technology, to study the feasibility of developing certain standards regarding medical records and data.

DIGEST OF HB 1004 (Updated April 24, 2025 8:24 pm - DI 104)

Health care matters. Establishes: (1) a state directed payment program (program) for hospitals; and (2) a managed care assessment fee. Changes disproportionate share payments when a state directed payment program is in effect. Allows the incremental hospital fee fund to be used to fund the Medicaid program. Requires a nonprofit hospital system to submit audited financial statements. Provides for a $10,000 per day penalty for failure to submit the hospital's financial statements. Requires the office of management and budget (office) to: (1) develop a methodology to be used in conducting a study of commercial inpatient hospital prices and outpatient hospital prices; and (2) upon budget committee review, conduct the study to determine Indiana's statewide average inpatient and outpatient hospital prices. Requires the office to submit a report of the study to the governor and general assembly. Before June 30, 2029, requires an Indiana nonprofit hospital system's aggregate average inpatient and outpatient hospital prices to at least be equal to or less than the statewide average. States that a violation by the Indiana nonprofit hospital system results in a forfeiture of its nonprofit status. Requires, before October 1 of each year, every nonprofit hospital to provide the Indiana department of health with specified federally filed forms and specified data used to complete the forms. Requires the Indiana department of health to submit these forms to the health care cost oversight task force and impose a fine of $10,000 per day on a nonprofit hospital for failure to submit the nonprofit hospital's forms. Provides an exemption from health care billing requirements for a facility located in a specified populated municipality. Requires a third party administrator to disclose commissions and fees to policyholders in a separate notification. Requires an insurer and a health maintenance organization to submit specified data information to the all payer claims data base. Requires an insurance producer or third party administrator to, before or at the time of sale, provide the plan sponsor with a statement from the insurer or health maintenance organization, disclosing commissions and fees that the insurance producer or third party administrator will receive. Changes the time frame in which certain information and claims data must be submitted to a contract holder as part of an audit or claims data request. Sets requirements for certain hospitals concerning a direct to employer health care arrangement. Beginning January 1, 2026, requires a state employee health plan, a policy of accident and sickness insurance, and a health maintenance organization contract to provide a plan sponsor with the national average drug acquisition cost of a generic drug. States that if an agreement between a health plan and a pharmacy benefit manager provides that less than 85% of the estimated rebates will be deducted from the cost of

prescription drugs before a covered individual's cost sharing requirement is determined, the pharmacy benefit manager must provide the policyholder with an annual notice that includes: (1) an explanation of what a rebate is; (2) an explanation of how rebates accrue to the health plan from the manufacturer; and (3) the aggregate amount of rebates that accrued to the health plan for prescription drugs dispensed under the policyholder's health plan for the previous year. Places limitations on hospital health provider contracts linking to or negotiating reimbursement or terms under a separate hospital health care provider contract or product. Requires the office to: (1) study the effect, including the fiscal impact, of requiring physician reimbursement rates under a commercial policy to be set at a minimum reimbursement rate; and (2) report its findings under the study. Requires certain health carriers to provide claims data to a contract holder not more than four times per year (current law allows for the provision of the data twice annually). Requires certain insurers and health maintenance organizations to file specified information concerning changes in hospital reimbursement to the department of insurance.

DIGEST OF HB 1005 (Updated April 1, 2025 2:48 pm - DI 140)

Housing and building matters. Requires (rather than allows) a city, town, or county (unit) that requires a building permit for construction of a Class 2 structure to allow the inspection to be provided by private providers in addition to the unit's inspectors. Provides that a "home inspector" or a unit employee may not act as a private provider. Provides that if an applicant uses a private provider because the unit is unable to timely perform a plan review, the unit: (1) must refund the applicant for any plan review fees; and (2) may charge a convenience fee of not more than $100. Provides that a unit: (1) may not require a registered architect or engineer to prepare construction documents for a Class 2 structure when constructed in accordance with the building code; and (2) may require a registered architect or engineer to prepare construction documents as proof of equivalence of alternative materials, appliances, equipment, or method of design or construction. If required by the unit, creates deadlines for the following: (1) Issuance of building permits. (2) Performance of plan reviews. (3) Performance of inspections. (4) Submission of construction documents or plans. (5) Issuance of certificates of occupancy or certificates of completion and compliance. Requires the state to give political subdivisions that enact certain land use policies priority in receiving loans from the residential housing infrastructure assistance revolving fund.

DIGEST OF HB 1006 (Updated April 10, 2025 5:49 pm - DI 140)

Prosecutors. Establishes the prosecutor review board and sets forth the duties of the board. Requires that two members appointed to the Indiana commission on court appointed attorneys be trial court judges from counties receiving reimbursement of expenditures for noncapital cases.

DIGEST OF HB 1007 (Updated April 15, 2025 2:09 pm - DI 140)

Energy generation resources. Provides a credit against state tax liability for expenses incurred in the manufacture of a small modular nuclear reactor (SMR) in Indiana. Establishes procedures under which certain energy utilities may request approval for one or more of the following from the Indiana utility regulatory commission (IURC): (1) An expedited generation resource plan

(EGR plan) to meet customer load growth that exceeds a specified threshold. (2) A generation resource submittal for the acquisition of a specific generation resource in accordance with an approved EGR plan. (3) A project to serve one or more large load customers. Sets forth: (1) the requirements for approval of each of these types of requests; (2) standards for financial assurances by large load customers; and (3) cost recovery mechanisms for certain acquisition costs or project costs incurred by energy utilities. Amends the statute concerning public utilities' annual electric resource planning reports to the IURC to provide that for an annual report submitted after December 31, 2025, a public utility must include information as to the amount of generating resource capacity or energy that the public utility plans to retire or refuel with respect to any electric generation resource of at least 125 megawatts. Provides that for any planned retirement or refueling, the public utility must include, along with other specified information, information as to the public utility's plans with respect to the following: (1) For a retirement, the amount of replacement capacity identified to provide approximately the same accredited capacity within the appropriate regional transmission organization (RTO) as the capacity of the facility to be retired. (2) For a refueling, the extent to which the refueling will maintain or increase the current generating resource accredited capacity or energy that the electric generating facility provides, so as to provide approximately the same accredited capacity within the appropriate RTO. Requires IURC staff to prepare a staff report for each public utility report that includes a planned electric generation resource retirement. Provides that if, after reviewing a public utility's report and any related staff report, the IURC is not satisfied that the public utility can satisfy both its planning reserve margin requirement and the statute's prescribed reliability adequacy metrics, the IURC shall conduct an investigation into the reasons for the public utility's inability to meet these requirements. Provides that if the public utility's report indicates that the public utility plans to retire an electric generating facility within one year of the date of the report, the IURC must conduct such an investigation. Provides that: (1) a public utility may request, not earlier than three years before the planned retirement date of an electric generation facility, that the IURC conduct an investigation into the planned retirement; and (2) if the IURC conducts an investigation at the request of the public utility within that three year period, the IURC may not conduct a subsequent investigation that would otherwise be required under the bill's provisions unless the IURC is not satisfied that the public utility can satisfy both its planning reserve margin requirement and the statutory reliability adequacy metrics as of the time the investigation would otherwise be required. Provides that if a CPCN is granted by the IURC for a facility intended to repower or replace a generation unit that is planned for retirement, and the CPCN includes findings that the project will result in at least equivalent accredited capacity and will provide economic benefit to ratepayers as compared to the continued operation of the generating unit to be retired, the CPCN constitutes approval by the IURC for purposes of an investigation that would otherwise be required. Provides that if, after an investigation, the IURC determines that the capacity resources available to the public utility will not be adequate to allow the public utility to satisfy both its planning reserve margin requirements and the statute's prescribed reliability adequacy metrics, the IURC shall issue an order: (1) directing the public utility to acquire or construct; or (2) prohibiting the retirement or refueling of; such capacity resources that are reasonable and necessary to enable the public utility to meet these requirements. Provides that if the IURC does not issue an order in an investigation within 120 days after the initiation of the investigation, the public utility is considered to be able to satisfy both its planning reserve margin requirement and the statutory reliability adequacy metrics with respect to the retirement of the

facility under investigation. Provides that if the IURC issues an order to prohibit the retirement or refueling of an electric generation resource, the IURC shall create a sub-docket to authorize the public utility to recover in rates the costs of the continued operation of the electric generation resource proposed to be retired or refueled, subject to a finding by the IURC that the continued costs of operation are just and reasonable. Makes a technical change to another Indiana Code section to recognize the redesignation of subsections within the section containing these provisions.

DIGEST OF HB 1008 (Updated April 15, 2025 2:28 pm - DI 140)

Indiana-Illinois boundary adjustment commission. Establishes the Indiana-Illinois boundary adjustment commission, including six members appointed by the governor and five members appointed under Illinois law, to discuss and recommend whether it is advisable to adjust the boundaries between the two states.

DIGEST OF HB 1012 (Updated March 18, 2025 2:10 pm - DI 140)

Notice to owner of the site of an accident. Provides that, on or before July 1, 2026, each law enforcement agency shall adopt and implement protocols for the law enforcement agency to notify a real property owner of: (1) damage to the owner's real property, crops, or a building, structure, or fixture attached to the owner's real property that is reported to a law enforcement officer or law enforcement agency; and (2) debris identified by a law enforcement officer or law enforcement agency that is left on the owner's real property that could damage farm equipment or other vehicles or property; resulting from a motor vehicle accident.

DIGEST OF HB 1014 (Updated April 24, 2025 11:14 pm - DI 106)

DIGEST OF HB 1459 (Updated March 25, 2025 2:28 pm - DI 140)

Water and wastewater utility asset management. Provides that beginning January 1, 2026, a water or wastewater utility (utility) that is not under the jurisdiction of the Indiana utility regulatory commission (IURC) for the approval of rates and charges shall submit a report on the utility's asset management program (program) to the IURC on a quadrennial basis according to a schedule prescribed by the IURC. Provides that a utility's report must include information: (1) demonstrating the utility's efforts to implement the Indiana finance authority's guidelines for asset management programs; and (2) certifying that: (A) the utility has the technical, managerial, legal, and financial capability to support those efforts; and (B) for a report submitted after December

31, 2026, the governing body of the utility has completed a training or continuing education program, as required under the bill, at least one time during the four year reporting period. Provides that evidence that a utility has submitted an asset management program to the Indiana finance authority (IFA) in connection with an application for a grant, loan, or other financial assistance may be provided by the utility to satisfy the requirement to demonstrate the utility's efforts to implement the IFA's guidelines for asset management programs. Requires the IURC to adopt before October 1, 2025, a general administrative order (GAO) setting forth the: (1) information required to be included in a utility's report; (2) procedures for submission of the report, including a simplified alternative reporting form that a utility with less than 1,000 customers may elect to submit; (3) quadrennial reporting schedule for submitting a report; and (4) criteria to be used by the IURC in making certain determinations about a utility's asset management program. Provides that the IURC shall verify on a quadrennial basis: (1) the sufficiency of each utility's program; and (2) the program's compliance with the IURC's GAO. Provides that if the IURC determines that specified deficiencies exist with respect to a utility's program, the IURC: (1) shall notify the utility of the deficiency and provide the utility a time frame in which the utility must correct the deficiency; and (2) may require the utility to undergo an informal rate review. Provides that if a utility receives two consecutive notices of a deficiency from the IURC: (1) the IURC shall assert jurisdiction over the rates and charges of the utility; and (2) the utility must undergo base rate cases under the statutory procedure that applies to wastewater utilities that have been issued two enforcement orders by the department of environmental management. Provides that if a utility receives three consecutive notices of a deficiency over the course of three consecutive verifications, the IURC may initiate a receivership proceeding with respect to the utility. Authorizes the IURC to enter into an agreement with: (1) the department of environmental management; and (2) the Indiana finance authority; to carry out these requirements. Authorizes the IURC to delegate its authority to: (1) review reports submitted by utilities under the bill's provisions; and (2) issue determinations and notices of deficiency; to technical staff, subject to the right of a utility to appeal a determination by technical staff to the full IURC. Provides that beginning January 1, 2027, the governing body of a utility must, on at least a quadrennial basis, complete a training or continuing education program that: (1) includes instruction on specified topics; and (2) is offered by: (A) the IURC; (B) the drinking water and wastewater infrastructure research and extension program; or (C) a statewide not-for-profit association for rural water or wastewater utilities.

Requires a plan commission or plat committee to take action on a plat application, including meeting with any stakeholders with a financial interest in the application, not later than 30 days after receiving the application.

Provides that if a plan commission or plat committee fails to make written findings and a decision granting or denying primary approval to a plat not later than 60 days after a public hearing, then the plat is considered to have received primary approval.

DIGEST OF HB 1461 (Updated April 15, 2025 5:14 pm - DI 140)

Road funding. Makes various changes to provisions concerning roads and transportation. Allows a taxpayer to claim a credit against state income tax liability for certain qualified railroad expenditures and qualified new rail infrastructure expenditures. Specifies the amount of the credit. Limits the total amount of credits that may be allowed in a state fiscal year and provides for the expiration of the credit. Increases the maximum rate a county containing a consolidated city (consolidated city) may impose for the county wheel tax and the county vehicle excise tax and specifies the purposes for which the proceeds of those taxes must be appropriated. Beginning in 2026, lowers the percentage of funds distributed to counties, cities, and towns (local units) from the motor vehicle highway account that must be used for construction, reconstruction, and preservation of a local unit's highways if certain conditions related to pavement quality are satisfied. Amends provisions pertaining to the Indiana finance authority's authorization to issue revenue bonds or notes, including grant anticipation revenue bonds or notes, to finance highway and road construction projects. Allows the Indiana department of transportation (department) to submit a request to the Federal Highway Administration for a waiver to toll lanes on interstate highways. Provides that, if a request for a waiver to toll lanes on interstate highways is granted, the general assembly is not required to enact a statute before tolling may occur. Allocates responsibility for bridges in a county between that county and a municipality based on the size and location of the bridge. Allows a local county road and bridge board to undertake low water crossing projects. Requires the department to ensure that information regarding funding sources for low water crossing projects is made available to county boards of commissioners and county highway departments. Provides that money in the local road and bridge matching grant (matching fund) must be allocated, transferred, and distributed for specified purposes. Specifies the timing of those allocations, transfers, and distributions. Imposes conditions on the allocations, transfers, and distributions made from the matching fund, including, in state fiscal years beginning after June 30, 2027, limitations on the ability of a local unit to apply for a grant in certain circumstances. Allows local units to use grants from the matching fund for low water crossing projects. Reduces the required local matching amounts and increases the population thresholds that apply to certain local units, if the department approves a grant from the matching fund. Restates a provision allocating 50% of the amount available in the matching fund to local units with a population of less than 50,000. Increases the speed limit on Interstate Highway 465. Requires all townships to annually adopt a capital improvement plan, which must include the balance of all unrestricted funds that exceed the township's budget for the following year. Provides that a township must transfer 30% of the amount of the balance of all unrestricted funds that exceed the township's budget for the following year to the township roads and infrastructure fund. Requires a township board to adopt a resolution if favor of providing money for the improvement and maintenance of roads and infrastructure within the township before a township

transfers money for such projects. Provides, for purposes of the provisions regarding township capital improvement plans and township roads and infrastructure funds, that unrestricted funds are cash reserves that are not obligated, committed, encumbered, or restricted for specified purposes. Urges the legislative council to assign to the interim study committee on roads and transportation the study of appropriate road funding formulas. Makes conforming changes.

DIGEST OF HB 1604 (Updated April 23, 2025 11:36 am - DI 141)

Cost sharing; out-of-pocket expense credit. Requires an insurer, an administrator, and a pharmacy benefit manager to apply the annual limitation on cost sharing set forth in the federal Patient Protection and Affordable Care Act under 42 U.S.C. 18022(c)(1) to prescription drugs that: (1) are covered under a health plan; (2) are life-saving or intended to manage chronic pain; and (3) do not have an approved generic version. Provides that an insurer, an administrator, and a pharmacy benefit manager may not directly or indirectly set, alter, implement, or condition the terms of health insurance coverage based in part or entirely on information about the availability or amount of financial or product assistance available for a prescription drug. Requires, before December 31 of each year, each insurer and administrator to certify to the insurance commissioner that the insurer or administrator has fully and completely complied with the cost sharing requirements during the previous calendar year. Requires a health plan to credit toward a covered individual's deductible and annual maximum out-of-pocket expenses any amount the covered individual pays directly to any health care provider for a medically necessary covered health care service if a claim for the health care service is not submitted to the health plan and the

amount paid by the covered individual to the health care provider is less than the average discounted rate for the health care service paid to a health care provider in the health plan's network. Requires a health plan to: (1) establish a procedure by which a covered individual may claim a credit; and (2) identify documentation necessary to support a claim for a credit.

DIGEST OF HB 1605 (Updated April 3, 2025 3:30 pm - DI 140)

Juvenile law matters. Requires the family and social services administration (FSSA) to provide address information to the department of child services (department) under specified circumstances subject to federal approval of a state plan amendment or waiver allowing FSSA to do so. Provides that it is the policy of the state of Indiana and the purpose of Indiana family and juvenile law to: (1) recognize the responsibility of the state and of the department for the safety of children who are abused or neglected; (2) recognize that a parent's interest in receiving services at the time and expense of the state for purposes of reunification is limited; (3) promote the safety of all children involved in the juvenile justice system; and (4) ensure timely placement of children in foster care into permanent homes. Provides that a procedural deadline in a: (1) child in need of services (CHINS) proceeding; or (2) termination of parent-child relationship (TPR) proceeding; is not subject to waiver by a party to the proceeding, except as permitted in specified circumstances under current law. Provides that an individual with whom a child is placed during CHINS proceedings is entitled to attend, in its entirety, any hearing conducted as part of: (1) the CHINS proceedings; or (2) TPR proceedings resulting from a TPR petition filed with regard to the child during the CHINS proceedings. Provides that a court shall allow an individual who is providing care and supervision of a child as: (1) a foster parent; (2) a long term foster parent; or (3) an unlicensed kinship caregiver; at the time the child is the subject of a CHINS proceeding or TPR proceeding to intervene as a party during any stage of the proceeding if the court makes specified findings. Provides that a court shall allow an individual who is providing care and supervision for a child to intervene in a TPR proceeding concerning the child. Provides that a child is a CHINS if, before the child becomes 18 years of age: (1) the child's physical or mental health is seriously endangered due to failure of the child's parent, guardian, or custodian to protect the child from exposure to the use, possession, sale, or manufacture of illegal drugs; and (2) the child needs care, treatment, or rehabilitation that the child is not receiving and that is unlikely to be provided or accepted without the coercive intervention of the court. Removes a rebuttable presumption in current law that a child's physical or mental health is seriously endangered based on evidence of illegal manufacture of a drug or controlled substance occurring at the child's residence and provides that there is a rebuttable presumption that a child is a CHINS if the court finds that the child's parent, guardian, or custodian willfully or knowingly: (1) exposed the child to the illegal manufacture or distribution of a legend drug or controlled substance; or (2) exposed the child to: (A) methamphetamine; (B) fentanyl; or (C) a fentanyl containing substance; for which the parent, guardian, or custodian did not have a valid prescription. Amends the factors a court must consider when determining whether to detain a child who has been removed from the child's parent, guardian, or custodian to include considerations relating to exposure of the child to a fentanyl containing substance or fentanyl related substance. Provides that the rights of the: (1) child; (2) child's parents, guardian, or

custodian; (3) department; and (4) guardian ad litem or court appointed special advocate; as parties to a proceeding regarding the child under Indiana juvenile law include rights of discovery, subpoena, examination of witnesses, and presentation of evidence at any hearing in the proceeding. Provides that the statutory deadline for holding of a factfinding hearing in a CHINS proceeding may be extended if the court finds that the extension is necessitated by: (1) unanticipated, emergent circumstances; (2) the circumstances of the case; or (3) the Indiana Rules of Trial Procedure. Provides that there is a rebuttable presumption that a child is a CHINS if the court finds that the child lives in the same household as an adult who is subject to an order issued in a CHINS proceeding that requires the adult to participate in a program of care, treatment, or rehabilitation. Adds factors that a court must consider in determining appropriate reunification services in which a child's parent, guardian, or custodian will be required to participate under the child's dispositional decree. Provides that: (1) a dispositional decree that: (A) is entered under specified circumstances; and (B) requires a parent, guardian, or custodian to complete reunification services; may not provide for the parent, guardian, or custodian to receive the reunification services for more than a specified length of time, subject to extension for specified causes; and (2) a court reviewing the dispositional decree shall consider the amount of time remaining for the parent, guardian, or custodian to complete the reunification services. Specifies that the requirement that a court reviewing a dispositional decree must determine whether the department has made reasonable efforts to provide family services does not apply if a finding has been made that reasonable efforts for family preservation or reunification are not required. Provides that in determining the extent to which reasonable efforts to reunify or preserve a family are appropriate, the child's welfare (in addition to the child's health and safety, under current law) is of paramount concern. Provides that if the department conducts a criminal history check of: (1) a parent, guardian, or custodian; or (2) a household member of the parent, guardian, or custodian; before reunifying a child with the parent, guardian, or custodian, the department shall (rather than may, under current law) use the results of the criminal history check to decide whether it is safe for the child to return home and shall provide the results of the criminal history check to the court. Requires a court to hold a permanency hearing for a child: (1) who has been removed from the child's parent, guardian, or custodian for at least 12 months; or (2) with regard to whom at least 12 months have expired since a dispositional decree was entered; at the request of any party to the CHINS proceeding that requests a permanency hearing on the basis that continuation of efforts to reunify or preserve the child's family are inconsistent with the best interests of the child. Provides that if a child has, at the time of a permanency hearing, been removed from the child's parent for at least 12 of the most recent 22 months, the permanency plan for the child must include at least one intended permanent or long term care and custody arrangement that would not return the child to the care and custody of the parent, guardian, or custodian from whose care and custody the child has been removed. Provides that if a child is less than 16 years of age, the intended permanent or long term care and custody arrangement for the child may be guardianship or placement with a permanent custodian only if the proposed guardian or custodian appears before the court and testifies as to the individual's willingness to assume custody of the child. Provides that: (1) if a court approves a permanency plan for a child under which adoption is the only intended permanent or long term care and

custody arrangement, the department shall publish specified information regarding the child to facilitate adoption of the child; and (2) the information published by the department to facilitate adoption of a child who is: (A) a CHINS; and (B) a hard to place child; may include the child's first name and picture. Requires a court to hold an initial hearing on a TPR petition not later than 30 days after the petition is filed. Provides that under specified circumstances, a TPR petition regarding a child and the child's parent: (1) must be filed by the department; and (2) may be filed by: (A) the child's guardian ad litem or court appointed special advocate; or (B) an individual: (i) with whom the child is placed during the CHINS proceedings; and (ii) who is an intervenor in the CHINS proceedings. Amends the allegations that may be asserted in a TPR petition. Removes a provision requiring a person that files a TPR petition to also file a: (1) copy of the order approving the permanency plan for the child; or (2) permanency plan for the child. Provides that the deadline for holding a hearing regarding a TPR petition may be extended if the court finds that extension of the deadline is necessitated by: (1) unanticipated, emergent circumstances; (2) the circumstances of the case; or (3) the Indiana Rules of Trial Procedure. Provides that a representative of a licensed child placing agency that is providing services to a child during child in need of services (CHINS) proceedings is entitled to attend, in its entirety, any hearing conducted as part of: (1) the CHINS proceedings; or (2) termination of parent-child relationship (TPR) proceedings resulting from a TPR petition filed with regard to the child during the CHINS proceedings. Provides that the requirement that DCS publish specified information regarding a child to facilitate adoption of the child does not apply if the child is already in a pre-adoptive placement in a proposed adoptive home. Makes conforming and technical changes.

Requires that a voter entitled to cast an absentee ballot before an absentee voter board mark the voter's political party ballot selection on the electronic poll book instead of communicating the selection to the poll clerks. Permits a vendor to dispose of a voting system unit or an electronic poll book unit by transferring possession of the unit to a state or county historical society in Indiana. Specifies circumstances in which a candidate filing a petition for a recount or contest is liable for the expenses chargeable to another party. Provides that a petition for a recount or contest may not be filed earlier than noon 10 days after election day. Specifies, with regard to filling a candidate vacancy for a local office, that an authorization to fill vacancies given to a county chairman or a county committee expires at the time of the next election for precinct committeemen for the party with which the county chairman or county committee is affiliated. Provides that action to fill an early candidate vacancy must be taken not earlier than May 8 after the primary election if the vacancy exists on a general or municipal election ballot. Provides that if only one person seeks to fill a vacancy in a local office held by a major political party, a caucus vote is not required and the county chairman may

select that person to fill the vacancy. Provides that certain state officers are liable to impeachment for crime, incapacity, or negligence in office. (Current law provides that these officers are liable to impeachment for any misdemeanor in office.) Specifies, for purposes of nepotism provisions, that the performance of certain duties of an absentee voter board, an absentee ballot counter, a provisional ballot counter, or an absentee ballot courier is not considered employment by a unit.

DIGEST OF HB 1680 (Updated April 23, 2025 6:06 pm - DI 144)

Various elections matters. Modifies the definition of "auxiliary party organization". Specifies that the definition of "contribution" includes certain donations of property through a payment platform that acts as a conduit. Requires each county to submit to the secretary of state (secretary) information concerning the county's information technology provider. Repeals a provision that allows the Indiana election commission (commission) to issue advisory opinions. Provides that an advisory opinion issued by the commission before July 1, 2025, is void. Permits a pollbook holder, challenger, or watcher to enter, leave, and reenter multiple polling places at any time on election day. Requires the county voter registration official to send a notice requesting proof of citizenship to an individual who uses an identification number from a temporary credential as part of the individual's voter registration application. Provides that an applicant may not list on the voter registration form a post office box or a commercially available mailing box as the residence address of the applicant. Prohibits, with some exceptions, an individual from printing or setting forth information on any part of a voter registration form that will be mailed to another individual. Requires a person who receives a completed petition for nomination of a candidate and has reason to believe that the petition is materially false, fictitious, or fraudulent to deliver the petition to a county election board. Requires the county election board to take certain actions to determine if a violation of election law has occurred. Provides that certain paid political advertising or campaign material does not falsely represent that the candidate is or has been an officeholder. Requires the reporting of certain information if a contribution is made through a payment platform that acts as a conduit. Allows a voter who resides in any precinct to challenge a voter or person who offers to vote at a primary election. Provides that an absentee ballot affidavit that does not contain an accurate date of signature is insufficient and must be rejected. Permits the secretary to conduct a procedure audit of a primary or general election after the election occurs. Requires the secretary to issue orders concerning procedure audits. Specifies the deadlines by which procedure audits must be completed. Makes it a Class A misdemeanor to circulate or publish material in an election without printing a certain statement on the envelope of an absentee ballot application that a person sends to an individual.

DIGEST OF HB 1682 (Updated April 24, 2025 4:14 pm - DI 106)

General legislative matters. Eliminates certain duplicate section headings. Defines "SECTION". Specifies when a SECTION of an act is effective. Repeals a chapter that concerns the effective date of a bill that is passed by the general assembly over the governor's veto. Removes obsolete provisions and conforms certain statutory provisions to the rules of the house and senate. Specifies that a bill passed during a regular or special legislative session must be presented to the

governor within seven days of sine die adjournment. Specifies when bills passed over the governor's veto take effect.

DIGEST OF HB 1687 (Updated March 24, 2025 3:53 pm - DI 140)

Probation transfers for sex or violent offenders. Prohibits the transfer of a sex or violent offender's probation jurisdiction to another county in Indiana while the offender is required to register as an offender unless certain conditions are met. Prohibits a sexually violent predator or an offender against children from working in any setting where the predator or offender: (1) has more than incidental and occasional contact with a child who is not accompanied by the child's parent, guardian, or custodian; (2) has supervisory or disciplinary power over a child; or (3) is expected to touch a child on a more than incidental and occasional basis.

DIGEST OF HB 1689 (Updated April 23, 2025 5:48 pm - DI 104)

Human services matters. Provides that provisions of law concerning the statewide waiver ombudsman apply to an individual who has a disability and receives services administered by the bureau of disabilities services. (Current law specifies that these provisions apply to an individual who has a developmental disability and receives services under the federal home and community based services program.) Specifies that these provisions do not apply to an individual served by the long term care ombudsman program. Changes references from "statewide waiver ombudsman" to "statewide bureau of disabilities services ombudsman". Requires the office of the secretary of family and social services (office of the secretary) to prepare an annual report on the provision of Medicaid home and community based waiver services. Specifies the information that must be included in the report. Requires the division of disability and rehabilitative services advisory council to provide recommendations to the division of disability and rehabilitative services to ensure the delivery of appropriate high quality services to recipients. Requires the office of the secretary to provide to the division of disability and rehabilitative services advisory council reports on the office of the secretary's plans to provide services to individuals who require extraordinary care and specifies the timing of the reports.

DIGEST OF SB 1 (Updated April 10, 2025 12:40 pm - DI 140)

Local government finance. Places restrictions on the issuance of certain general obligation bonds. Amends a capitalization rate percentage under the statewide agricultural land base rate determination. Provides that the percentage cap used to determine the maximum levy growth quotient is 4% in 2026. Provides that, notwithstanding any growth in a political subdivision's assessed value (AV) in the previous year, a political subdivision's ad valorem property tax levy shall not exceed the ad valorem property tax levy for its last preceding annual budget, unless the fiscal body of the political subdivision adopts an affirmative tax rate and tax levy increase by ordinance following a separate public hearing. Requires a resulting decrease in tax rates for each political subdivision in which there was an increase in the political subdivision's AV in the previous year, subject to any affirmative tax rate and tax levy increase adopted by the fiscal body of the political subdivision. Phases out the authority for the department of local government finance (department) to permit an excess tax levy that is based on AV growth, school

transportation costs, and other circumstances. Retains the provisions that permit an excess tax levy if the civil taxing unit cannot carry out its governmental functions in the case of annexation, a natural disaster, an accident, or an emergency. Phases in an increase in the acquisition cost threshold for the business personal property tax exemption from $80,000 to $2,000,000. Provides that the 30% minimum valuation limitation does not apply to business personal property placed in service after January 1, 2025. Phases down the homestead standard deduction over five years to zero beginning for taxes due and payable in 2031. Phases in an increase in the supplemental homestead deduction to 2/3 of the AV of the homestead. Phases in an AV deduction for all property that is subject to the 2% circuit breaker credit for excessive property taxes for assessment dates beginning in 2025 up to a 1/3 AV deduction for taxes due and payable in 2031, and each taxable year thereafter. Expires certain property tax deductions allowed in current law, and instead allows a credit against local property taxes in certain instances. Makes certain changes to the qualification requirements and credit amount for the over 65 circuit breaker credit. Provides a supplemental homestead tax credit for property taxes for a person's homestead if the person qualifies for a standard homestead deduction for the same homestead property. Provides that specified referendums may be placed on the ballot only at a general election. Amends the ballot language for controlled project, school operating, and school public safety referendums. Provides that a school corporation may not adopt a resolution to place a controlled project referendum on the ballot during the second calendar year after the final calendar year in which a previously approved controlled project referendum levy is imposed. Modifies the threshold amounts used for determining whether a political subdivision's project is a controlled project and whether the petition and remonstrance process or the referendum process applies based on the political subdivision's total debt service tax rate. Adds provisions to authorize a county fiscal body to adopt an ordinance to establish a property tax payment deferral program (program). Provides that a qualified individual participating in the program may defer the payment of part of the property taxes that would otherwise be due on a homestead. Provides that property taxes deferred under the program are due after the occurrence of a deferral termination event. Provides that the maximum amount of taxes that may be deferred cumulatively year over year may not exceed $10,000. Increases, beginning in 2028, the maximum local income tax (LIT) expenditure rate for all counties to 2.9%. Authorizes a city or town to impose a municipal LIT rate beginning in 2028 not to exceed 1.2%. Provides that within a county's total expenditure rate, the county may adopt: (1) up to a 1.2% rate for county general purpose revenue; (2) up to a 0.4% rate for fire protection and emergency medical services; (3) up to a 0.2% rate for nonmunicipal civil taxing unit general purpose revenue; and (4) up to 1.2% for certain cities and towns that are not eligible to adopt a municipal LIT rate. Eliminates provisions that provide for a distribution of LIT expenditure rate revenue to schools and civil taxing units in counties that imposed a rate under the prior county adjusted gross income tax. Authorizes a county fiscal body to impose a local income tax expenditure rate to provide property tax relief for property tax liability attributable to homesteads in the county before January 1, 2028. Expires the authority to impose a property tax relief rate under the LIT and repeals the levy freeze rate. Provides that, in order to continue to impose an expenditure tax rate after 2027, each county must adopt a new ordinance on or before October 1, 2027, to impose the rate. Provides that, for counties that fail to adopt an ordinance to

renew an existing expenditure tax rate in 2027, the expenditure tax rate for the county in 2028 shall be the minimum tax rate necessary for existing debt service. Specifies that this does not prevent the county from renewing, imposing, or modifying an expenditure tax rate in subsequent years. Eliminates local income tax councils beginning July 1, 2027, and instead provides that the county fiscal body is the adopting body in all counties for purposes of the county LIT, and the city or town fiscal body is the adopting body in the case of a municipal LIT. Establishes the state and local income tax holding account within the state general fund for purposes of LIT distributions. Requires the budget agency to maintain an accounting for each county imposing a county LIT based on annual returns filed by or for county taxpayers (same as current law). Requires undistributed amounts so accounted to be held for purposes of the state and local income tax holding account beginning after December 31, 2026. (Under current law, undistributed amounts are required to be held in reserve separate from the state general fund.) Requires the budget agency to present each December to the budget committee a report of the following: (1) An estimate of the monthly certified distribution amounts for the immediately succeeding calendar year. (2) A description of the method used to determine the monthly estimates. Beginning in 2028, requires the budget agency to make monthly transfers to the state and local income tax holding account of the amount determined for the month in the budget agency's report to the budget committee. Repeals a provision that requires the budget agency to adjust the certified distribution of a county for the succeeding year following a tax rate change. Requires the department to develop and maintain a property tax transparency portal through which taxpayers may: (1) compare the property tax liability in their current tax statement compared to their potential property tax liability based on changes under a proposed tax rate; and (2) provide taxpayer feedback to the department. Prohibits the northern Indiana commuter transportation district from issuing new bonds after May 9, 2025, that are payable in whole or in part from amounts distributed from the commuter rail service fund or the electric rail service fund. Requires all school corporations that adopt a resolution for an operating referendum tax levy that is imposed for the first time with property taxes first due and payable beginning after 2027 to share revenue with certain charter schools. Requires, beginning with distributions in 2028, that all school corporations begin sharing revenue from the school corporation's operations fund levy with certain charter schools. Provides for the phasing in of the sharing of revenue with certain charter schools from the school corporation's operations fund levy. Provides for the appointment of additional board members to the governing board of a charter school that receives property tax revenue. Sets forth additional procedures related to the closure of a charter school. Dissolves the Union School Corporation. Provides that for a fire protection territory established after January 1, 2025, each unit in a territory may not impose a tax rate that exceeds $0.40 per $100 of assessed valuation. Makes conforming changes. Makes technical corrections. Makes an appropriation.

DIGEST OF SB 2 (Updated April 8, 2025 3:35 pm - DI 140)

Medicaid matters. Requires the office of the secretary of family and social services (office) to report specified Medicaid data to the Medicaid oversight committee. Requires the office to annually prepare and present a report to the budget committee concerning the enforcement of the

Medicaid five year look back period. Prohibits specified persons from advertising or otherwise marketing the Medicaid program. Provides that the office may adopt rules concerning permissible advertising or marketing indicating participation in the Medicaid program by a person that has contracted with the office. Allows the office to reimburse medical providers at the appropriate Medicaid fee schedule rate for certified medical claims prior to the beginning of benefits, provided the claims satisfy certain conditions. Repeals language allowing for marketing of the Medicaid program. Requires the office to receive and review data from specified federal and state agencies concerning Medicaid recipients to determine whether circumstances have changed that affect Medicaid eligibility for recipients and to perform a redetermination. Requires the office to establish: (1) performance standards for hospitals that make presumptive eligibility determinations and sets out action for when hospitals do not comply with the standards; and (2) an appeals procedure for hospitals that dispute the violation determination. Sets out a hospital's responsibilities when making a presumptive eligibility determination. Imposes corrective action and restrictions for failing to meet presumptive eligibility standards. Specifies requirements, allowances, and limitations for the healthy Indiana plan.

DIGEST OF SB 3 (Updated March 31, 2025 3:50 pm - DI 140)

Fiduciary duty in health plan administration. Provides that any third party administrator or pharmacy benefit manager acting on behalf of a plan sponsor owes a fiduciary duty to the plan sponsor.

DIGEST OF SB 4 (Updated April 1, 2025 2:48 pm - DI 140)

Water matters. Prohibits a water utility from constructing a long haul water pipeline unless the water utility first obtains a certificate of public convenience and necessity (CPCN) from the Indiana utility regulatory commission (IURC). Sets forth specified information that an application for a CPCN must include. Sets forth specified findings that the IURC must make before granting a CPCN. Sets forth conditions under which a water utility may recover through rates the actual costs the water utility incurs in reliance on a CPCN issued by the IURC. Provides that a person that transfers, sells, or leases a long haul water pipeline must provide written notice to the IURC of the transfer, sale, or lease not later than 60 days after the transfer, sale, or lease is finalized. Prohibits a person that transfers or proposes to transfer: (1) more than an annual average of 30,000,000 gallons of water per day out of a basin; or (2) water from a restricted use area; from transferring water out of a basin, or supplying water to another person that the person knows will transfer more than 100,000 gallons of water out of a basin, without first obtaining a transfer permit from the department of natural resources (department). Sets forth specified information that must be included in an application for a transfer permit. Provides that a transfer permit is required for an existing or ongoing interbasin transfer (as of July 1, 2025) if the existing or ongoing transfer exceeds the capacity of any system engaged in the interbasin transfer in any 90 day period. Provides that the department shall approve an application for a permit if the department determines that the transfer: (1) will not result in a perennial overdraft of a ground water resource or in a perennial stream flow depletion; and (2) is in the public interest, as described in the Indiana Code section concerning beneficial uses of Indiana's surface water

resources. Provides that a transfer permit: (1) does not expire; and (2) may be renewed, revoked, suspended, or modified in certain circumstances. Provides that the department may assess a civil penalty for violations of these provisions.

DIGEST OF SB 5 (Updated April 23, 2025 11:54 am - DI 120)

State fiscal and contracting matters. Allows a state agency to use artificial intelligence software to prepare information and projections for the state budget. Requires a state agency to provide a quarterly report to the budget committee that details the requests submitted by the state agency for new federal funds or to participate in a new federal program. Provides that, in addition to the quarterly reports, a state agency may not immediately accept an award of new federal funds in certain circumstances or participate in a new federal program before a report has been reviewed by the budget committee. Specifies the contents of the report that must be submitted for budget committee review. Requires a state agency to provide the state comptroller with a contract for inclusion in the Indiana transparency website not later than 30 days after the contract is fully executed. Requires that permanent full-time positions which have been vacant for 90 days or more be reviewed and either reauthorized or eliminated by the budget director. Requires the budget director to provide a quarterly report to the governor's office regarding those positions that were reauthorized or eliminated by the budget director in the preceding three months. Requires a state agency to provide quarterly reports to the budget committee regarding the state agency's active contracts. Provides for the reversion of funds appropriated to a state agency for expenses related to a contract that are unused after the end of the contract term. Requires the department of administration (department) to develop certain contract language to be included in state contracts of $500,000 or more. Requires a state agency to provide a report to the budget committee concerning amendments to a contract that: (1) increase the maximum contract amount by not less than $500,000; or (2) for a contract with an initial maximum contract amount of not less than $500,000, extend the term of the contract by not less than six months. Prohibits a state agency from entering into a nonpublic contract. Requires all contract opportunities of state agencies to be posted in the form of a request for proposals or a request for quotations on the department's website at least 30 days prior to the contract being awarded. Requires the office of the secretary of family and social services and the office of Medicaid policy and planning to do the following: (1) Review monthly reports on the Medicaid program service utilization to identify trends and risks within the state Medicaid program. (2) Post publicly on the office of the secretary of family and social services's website monthly financial reports or expenditures and revenues for each state Medicaid program and commentary providing context for each monthly financial report. (3) Submit a quarterly report to the budget committee.

Advanced transmission technologies. Defines "advanced transmission technologies" as software or hardware technologies that increase the capacity, efficiency, reliability, or safety of an existing or new electric transmission facility. Provides that in any integrated resource plan (IRP) filed with the Indiana utility regulatory commission (IURC) after December 31, 2025, an electric utility that owns or operates a transmission or distribution system must include a description of the potential use of, or investment in, one or more advanced transmission technologies to enable the electric utility to safely, reliably, efficiently, and cost effectively meet electric system demand. Provides that in any IRP filed with the IURC after December 31, 2029, an electric utility that owns or operates a transmission or distribution system must include a description of the electric utility's transmission and distribution systems, as specified by the IURC. Requires the IURC to conduct a study to evaluate the potential use or deployment of advanced transmission technologies by public utilities. Sets forth specific topics that the IURC must evaluate as part of the study. Requires the IURC to include in its 2026 annual report the commission's findings with respect to the topics evaluated in the study. Provides that advanced transmission technologies qualify as eligible transmission, distribution, and storage system improvements for purposes of the statute that authorizes a public utility to recover eligible costs incurred in connection with investments made in such improvements.

DIGEST OF SB 423 (Updated April 15, 2025 2:47 pm - DI 140)

Small modular nuclear reactor pilot program. Establishes the small modular nuclear reactor partnership pilot program (program). Provides that certain electric utilities (eligible utilities) may partner with one or more other specified types of partners (eligible partners) to develop one or more small modular nuclear reactors (SMRs) at an eligible project site, subject to the approval of the Indiana utility regulatory commission (IURC). For purposes of these provisions, provides that an eligible project site is: (1) a location in Indiana; or (2) the site of a nuclear energy facility that supplies electricity to Indiana retail customers on July 1, 2011. Provides that an eligible utility that seeks to develop a project with one or more eligible partners may petition the IURC for approval to participate in the program. Sets forth the information that an eligible utility's petition must include. Sets forth the factors that the IURC must consider in reviewing a petition. Requires the IURC to issue a final order approving or denying a petition not later than 180 days after receiving the petition and the eligible utility's complete case in chief, subject to the IURC's right to extend the time for review if the eligible utility does not object to the extension. Provides that the IURC shall approve a petition if the IURC makes specified findings. Provides that an eligible utility may petition the IURC for approval to incur, before obtaining a certificate of convenience and necessity (CPCN) to construct an SMR under the program, eligible project development costs. Defines "eligible project development costs" as project development costs that: (1) have been, or are reasonably estimated to be, incurred by an eligible utility in the development of one or more SMRs under the program; and (2) have not been and will not be recovered by the eligible

utility through contributions of any money, services, or property provided at no cost to the eligible utility by any eligible partner, governmental agency, or other third party, regardless of whether the third party has entered into an eligible partnership with the eligible utility. Sets forth certain factors that the IURC must consider in reviewing an eligible utility's petition to incur eligible project development costs. Provides that if the IURC denies an eligible utility's petition to participate in the program, and the eligible utility seeks to pursue the development of an SMR outside the program, the eligible utility may: (1) proceed to develop an SMR under the procedures set forth under the existing Indiana Code section governing CPCNs for SMRs; and (2) request that the eligible utility's petition to incur eligible project development costs under bill's provisions be considered a petition to incur project development costs under the Indiana Code section governing CPCNs for SMRs .Provides that if an eligible utility receives approval to incur eligible project development costs, the eligible utility may petition the IURC for the approval of a rate schedule that periodically adjusts the eligible utility's rates and charges to provide for the timely recovery of eligible project development costs. Provides that an eligible utility that receives approval to recover eligible project development costs shall: (1) recover 80% of the approved eligible project development costs under the approved rate schedule; and (2) defer the remaining 20% of approved eligible project development costs for recovery as part of the eligible utility's next general rate case before the IURC. Provides that eligible project development costs that: (1) are incurred by an eligible utility; and (2) exceed the best estimate of eligible project development costs included in the IURC's order authorizing the eligible utility to incur eligible project development costs; may not be included in the eligible utility's rates and charges unless found by the IURC to be reasonable, necessary, and prudent in supporting the development of the project for which they were incurred. Provides that: (1) eligible project development costs incurred for a project that is canceled or not completed may be recovered by the eligible utility if found by the IURC to be reasonable, necessary, and prudently incurred; but (2) such costs shall be recovered without a return unless the IURC makes certain additional findings.

DIGEST OF SB 424 (Updated March 20, 2025 12:30 pm - DI 140)

Small modular nuclear reactor development costs. Amends as follows the Indiana Code section concerning certificates of public convenience and necessity (certificates) for small modular nuclear reactors: (1) Authorizes a public utility to petition the Indiana utility regulatory commission (IURC) for approval to incur, before obtaining a certificate, project development costs for the development of one or more small modular nuclear reactors. (2) Sets forth certain factors that the IURC must consider in reviewing a public utility's petition to incur project development costs. (3) Requires the IURC to issue a final order approving or denying the petition not later than 180 days after receiving the petition and the public utility's complete case in chief, subject to the IURC's right to extend the time for review if the public utility does not object to the extension. (4) Provides that if a public utility receives approval to incur project development costs, the public utility may petition the IURC at any time before or during the development and execution of a small modular nuclear reactor project for the approval of a rate schedule that periodically adjusts the public utility's rates and charges to provide for the timely recovery of

project development costs. (5) Provides that after reviewing a public utility's proposed rate schedule, the IURC shall approve the recovery of project development costs by the public utility if the IURC finds that project development costs that have been or will be incurred are: (A) reasonable in amount; (B) necessary to support the construction, purchase, or lease of a small modular nuclear reactor; and (C) consistent with the commission's finding as to the best estimate of project development costs. (6) Provides that a public utility that is authorized to recover project development costs shall: (A) recover 80% of the approved project development costs under the approved rate schedule; and (B) defer the remaining 20% of approved project development costs for recovery as part of public utility's next general rate case before the IURC. (7) Provides that the recovery of a public utility's project development costs through an approved periodic rate adjustment mechanism must occur over a period that is equal to: (A) the period over which the approved project development costs are incurred; or (B) three years; whichever is less. (8) Provides that project development costs that: (A) are incurred by a public utility; and (B) exceed the best estimate of project development costs included in the IURC's order authorizing the public utility to incur project development costs; may not be included in the public utility's rates and charges unless found by the IURC to be reasonable, necessary, and prudent in supporting the construction, purchase, or lease of the small modular nuclear reactor for which they were incurred. (9) Provides that: (A) project development costs incurred for a project that is canceled or not completed may be recovered by the public utility if found by the IURC to be reasonable, necessary, and prudently incurred; but (B) such costs shall be recovered without a return unless the IURC makes certain additional findings. (10) Provides that if a public utility does not seek: (A) approval of; or (B) cost recovery for; project development costs under the bill's provisions, the IURC may approve the deferral and amortization of project development costs in accordance with the statutory procedures set forth for construction costs.

DIGEST OF SB 425 (Updated April 24, 2025 1:40 pm - DI 101)

Energy production zones. Provides that a project owner is not required to apply for or receive a zoning permit (permit), or any other land use or zoning approval, from a local authority for the construction of a facility, other than a wind power device or commercial solar energy system, for the generation of electricity (electric generation facility) if: (1) the Indiana utility regulatory commission (commission): (A) grants the project owner a certificate of public convenience and necessity for the construction; or (B) declines jurisdiction over the construction; (2) the electric generation facility will be located on a premise of land on which there was located as of January 1, 2025: (A) an existing electric generation facility with a generating capacity of at least 80 megawatts, regardless of whether the electric generation facility is operational; or (B) a former surface or underground mine; and (3) the project owner complies with specified notice and hearing requirements. Requires an applicant for a permit from a local authority to be given an extension of time if the applicant's failure to meet the application deadline was caused by unforeseen circumstances beyond the applicant's control. Provides that a deadline in an ordinance for commencing or completing a permitted use is tolled until two years after the conclusion of any litigation or regulatory proceeding regarding the granting of the permit. Sets deadlines for review of permit applications. Establishes requirements for development agreements. Provides

that certain legal restrictions in effect at the time a permit is issued continue to apply unless the development is not completed within 10 years. Specifies that certain legal restrictions in effect at the time a development agreement is entered into apply for the period specified in the development agreement. Provides that the statute governing the approval of permits concerning zoning does not authorize the impairment of any vested right or abrogate any rights vested under common law. Specifies when land use rights are considered vested. Imposes other requirements upon the permit approval process. Authorizes a political subdivision or a local authority to prohibit, for a period of not more than one year, the siting, construction, installation, permitting, or deployment of a project (other than a project undertaken by specified entities) that involves the siting, construction, or deployment of facilities, equipment, or infrastructure used in the generation of electricity. Provides that a prohibition may not be extended or renewed for any length of time, regardless of when the prohibition first takes effect. Provides that after an advisory plan commission certifies a proposal to adopt, amend, or partially repeal the text of a zoning ordinance, the legislative body must take final action to adopt, amend, or reject the proposal. (Current law provides that after the legislative body acts on the proposal, the proposal returns to the plan commission for further proceedings.)

DIGEST OF SB 426 (Updated March 20, 2025 12:59 pm - DI 140)

Water utilities. Includes water utilities within the scope of the statute that subjects wastewater utilities that: (1) are not under the jurisdiction of the Indiana utility regulatory commission (IURC) for the approval of rates and charges; and (2) have been issued one or more enforcement orders by the department of environmental management; to a series of oversight actions by the IURC for each additional enforcement order, including rate review, rate regulation, and the initiation of a receivership proceeding. Makes a conforming amendment to the statute that governs the process by which water utilities and wastewater utilities may withdraw from the jurisdiction of the IURC. Amends the statute governing the acquisition of water utilities and wastewater utilities to require the IURC to consider and authorize mechanisms to allow utility companies to integrate into their systems, invest in, and earn on acquired utility assets, subject to a finding by the IURC that the proposed mechanism is just and reasonable and in the public interest. Amends the statute governing the recovery of costs for eligible infrastructure improvements made by water or wastewater utilities to provide that, in the case of a public utility (as defined in the Indiana Code), "infrastructure improvement costs" eligible for recovery include: (1) deferred depreciation expense; and (2) post in service carrying costs; for the eligible infrastructure improvements. Adds language to the Indiana Code chapter governing public water supplies to provide that a complaint: (1) seeking damages from a water utility; and (2) arising out of an alleged exposure to drinking water supplied by the water utility; is barred if the water supplied by the water utility met applicable regulatory standards under specified federal and state law. Amends the Indiana Code section prohibiting the department of natural resources (department) from regulating certain activities within the 100 year flood level of a water supply reservoir owned and operated by a municipality or a public utility for the purpose of providing water utility service to the public to also prohibit the department from ordering the closure or removal, or the partial closure or removal, of: (1) a dam that forms such a water supply reservoir;

or (2) a dam that forms or contains a body of water that is used to supply one or more private water wells; if the closure or removal, or the partial closure or removal, of the dam would impact the provision of water utility service to the public or the supply of water to one or more private water wells.

DIGEST OF SB 431 (Updated March 25, 2025 2:36 pm - DI 140)

Construction of data center by foreign adversary. Provides that after June 30, 2025, a foreign company may not construct or cause to be constructed a data center in Indiana unless the Indiana utility regulatory commission and the Indiana economic development corporation conduct a joint study of the anticipated electricity use of the prospective data center and certify to the governor and the general assembly that the electricity estimated to be used by the data center will be self-generated and will not affect the load supply of the regional transmission organizations whose service territory includes Indiana.

Requires a sheriff to assist an individual who: (1) has been incarcerated for at least 30 days in a: (A) county jail; (B) community based correctional facility for children; (C) juvenile detention facility; or (D) secure facility other than a child caring institution; and (2) is eligible for Medicaid; in applying for Medicaid before the individual's release from the facility. Provides that if a child loses Medicaid coverage while confined in a juvenile detention facility or secure facility, the division of family resources shall, upon receiving notice that the child will be released, take action necessary ensure that the child is eligible to receive specified federally mandated services for 30 days before and after the child's release. Requires an insurer to respond within 60 days to an inquiry from the office of Medicaid policy and planning regarding a Medicaid claim that is made within three years from the date on which the service that is the subject of the claim was provided. Provides that an insurer other than Medicare, Medicare Advantage, or Medicare Part D may not deny a Medicaid claim solely due to lack of prior authorization in accordance with federal Medicaid law. Provides that the requirement that an individual who receives payment for medical expenses from Medicaid must cede to the state the individual's rights to third party payment for the medical expenses extends to settlement amounts for both past medical expenses and rights to payment of future medical expenses. Amends the duties, membership, and terms of office of the Medicaid advisory commission. Creates the Medicaid beneficiary advisory commission. Repeals a provision requiring that employees of a child care provider be tested for tuberculosis in order for the child care provider to be eligible to receive voucher payments under the federal Child Care and Development Fund program. Provides the following with regard to a licensed child care center, licensed child care home, or registered child care ministry (child care provider): (1) Requires all employees of a child care provider to be trained in pediatric first aid and pediatric cardiopulmonary resuscitation applicable to all age groups of children cared for by the child care provider. (2) Requires at least one adult who is certified in pediatric cardiopulmonary resuscitation applicable to all age groups of children cared for by the child care provider to be present at all times when a child is in the care of the child care provider. Amends the membership of the division of mental health and addiction planning and advisory council.

DIGEST OF SB 491 (Updated April 8, 2025 4:52 pm - DI 140)

Annexation of property for an industrial park. Allows the city of Alexandria in Madison County to annex noncontiguous property for use as an industrial park.

DIGEST OF SB 498 (Updated April 3, 2025 1:07 pm - DI 140)

Child services. Allows the Indiana board of pharmacy to release confidential information received by the INSPECT program to a supervisor of the department of child services (department) who is engaged in an investigation or adjudication of child abuse or neglect. Amends the definition of "emergency shelter" for purposes of statutes governing residential child care facilities. Provides that an applicant for licensure as a child caring institution or licensure as a group home must obtain a criminal history check of any contractor or individual working in the

child caring institution or group home who is likely to have unsupervised contact with children. Amends provisions under which the department may waive the maximum duration for which a child may stay at a shelter care facility to remove a reference to the length of the maximum duration. Amends the educational and experiential qualifications for casework supervisors at child placing agencies. Provides that provisions requiring: (1) a residential child care facility to ensure that a child admitted to the facility has received all immunizations and booster shots required under specified statutes; and (2) a residential child care facility that administers psychotropic medication to obtain periodic written reports from the licensed professional who prescribed the psychotropic medication; do not apply to an emergency shelter.

DIGEST OF SB 502 (Updated April 14, 2025 6:43 pm - DI 140)

Attachments to utility poles. Defines an "attachment request" as a request made: (1) by an attaching entity, other than an electricity supplier, to the owner (pole owner) of an electric distribution pole (pole) for authorization to install, within a period of not more than 30 days, communications service equipment on 300 or more poles owned by the pole owner; and (2) in connection with, and using funds obtained from, a state or federal program directly related to the expansion of communications services to unserved, underserved, or rural areas (program). Defines a "process management agreement" as a written agreement entered into by: (1) an attaching entity that has been awarded funding under a program; and (2) a pole owner that owns at least 300 poles with respect to which the attaching entity intends to submit an attachment request in connection with a project under the program; for the purpose of establishing processes, timelines, mutual performance obligations, and conflict resolution options for timely completing attachment requests. Provides that not later than five business days after the execution of a contract that: (1) is entered into by an attaching entity and a governmental agency; and (2) sets forth the terms and conditions for a project for which funding has been awarded under a program; the Indiana broadband office (office) shall publish the contract on the office's website. Provides that not later than 60 days after a contract is executed: (1) the attaching entity that executed the contract; and (2) each pole owner that owns at least 300 poles with respect to which the attaching entity intends to submit an attachment request in connection with a project under the program; shall hold a meeting for the purpose of discussing general project plans. Provides that not later than four months after the National Telecommunications Information Administration approves the office's final proposal for funding under the federal Broadband Equity, Access, and Deployment Program, if an attaching entity that has been awarded funding under a program does not have a process management agreement in effect with a pole owner that owns at least 300 poles with respect to which the attaching entity intends to submit an attachment request in connection with a project under the program, the attaching entity and the pole owner shall negotiate an agreement that sets forth specified processes, timelines, mutual performance obligations, and conflict resolution options. Provides that if the attaching entity and a pole owner do not reach an agreement as to the terms, conditions, and timelines for a process management agreement, or otherwise have the prescribed negotiated agreement in effect, within the required four month period, certain conditions apply with respect to the dealings between the attaching entity and the pole owner with respect to any application for a pole attachment permit that does

not seek the attachment of more than 3,000 poles within a period of not more than 30 days. Authorizes the office to adopt a rapid response mediation process to be followed if a dispute arises between an attaching entity and a pole owner regarding the processes and timelines for the timely completion of an attachment request. Provides that these provisions expire July 1, 2030.

DIGEST OF SB 505 (Updated April 8, 2025 4:52 pm - DI 140)

Emergency transport to appropriate facility. Allows, subject to a written agreement concerning the transport of individuals, an emergency medical responder, an emergency medical technician, an advanced emergency medical technician, or a paramedic (emergency medical services personnel) to transport an individual to: (1) a health care facility; (2) a mental health facility; or (3) an urgent care facility; that can provide the individual with appropriate and necessary treatment. Specifies information that must be included in a written agreement. Allows reimbursement for transporting the individual to the facility.

DIGEST OF SB 516 (Updated April 1, 2025 3:47 pm - DI 140)

Economic development. Establishes the office of entrepreneurship and innovation (office). Specifies the duties of the office. Transfers oversight responsibilities of certified technology parks from the Indiana economic development corporation (IEDC) to the office. Provides for the submission of an annual report of the activities of an innovation development district as to financial information pertaining to tax increment financing districts in an innovation development district to the: (1) fiscal body of the county, city, or town; and (2) department of local government finance. Provides that before the IEDC may purchase land in a county that in total exceeds 100 acres whether acquired in one transaction or a series of transactions, the IEDC must first give notice, in writing, to the board of county commissioners of the county in which the land is located (and to the mayor of a city if the land is located within a city) not later than 30 days before the closing date for the purchase or purchases. Requires the IEDC to provide to the budget committee a copy of the notice being provided to the local unit in which certain land is being purchased. Provides that if the IEDC extends an offer to one or more voting or nonvoting members of the budget committee to tour a potential economic development site that may receive state assistance in undertaking the project, the IEDC shall simultaneously extend the same offer to all voting and nonvoting members of the budget committee. Requires the governor to appoint the president of the IEDC, who shall serve at the pleasure of the governor and report to the secretary of commerce. (Under current law, the secretary of commerce is the president of the IEDC.) Repeals the statute that expires the central Indiana regional development authority.

DIGEST OF SB 520 (Updated March 27, 2025 11:50 am - DI 140)

DIGEST OF SB 525 (Updated April 23, 2025 3:24 pm - DI 87)

Annexation. Allows the Town of Plainfield in Hendricks County (town) to annex a noncontiguous residential development that meets certain requirements. Provides that the annexation is initiated by: (1) the homeowner's association board petitioning the town legislative body for annexation of the residential development; and (2) the town legislative body adopting a resolution approving initiation of the annexation process. Provides that the town may not do the following: (1) Use the annexation territory to annex additional territory. (2) Annex additional territory within the unincorporated area extending 1/2 mile from the boundaries of the annexation territory, unless the annexation is with the consent of all of the landowners within the area to be annexed. (3) Annex, under any type of annexation, within the area that extends from the boundary of the 1/2 mile area to the town. Provides that the town's redevelopment commission may only enact a housing tax increment financing district in Liberty Township in Hendricks County if the district is approved by a resolution passed by the Mill Creek School Corporation.

DIGEST OF SB 526 (Updated April 24, 2025 2:24 pm - DI 149)

Absentee ballot retraction. Requires a county election board to test certain voting machines to ensure that an absentee ballot can be retracted before tabulation of the ballot if the ballot is required to be rejected. Requires the public test of a voting system to test whether a rejected ballot is retracted. Voids a March 25, 2022, advisory opinion adopted by the Indiana election commission. Provides that, to be approved by the Indiana election commission for use in Indiana, a voting system must meet certain standards of the Voluntary Voting System Guidelines adopted by the United States Election Assistance Commission on February 10, 2021. Allows a county to continue to use an optical scan ballot card voting system or an electronic voting system if certain matters concerning the voting system were approved before October 1, 2025. Allows a voting system to include a retraction feature concerning certain votes cast on absentee ballots.

2025
First Regular Session of the 124th General Assembly

ENROLLED ACT SUMMARY
prepared by
OFFICE OF CODE REVISION
LEGISLATIVE SERVICES AGENCY
200 West Washington Street, Suite 301

[**NOTE:** Acts that become law without signature are law on the eighth day after presentment. However, such an act is not in effect on that day unless the act contains an emergency clause providing effectiveness upon PASSAGE or earlier.] Concurrent Resolutions are not included in this summary.

Key to Governor's Action:

R = Date received by the Governor but not signed. This information provided by the Governor's office.
S = Date signed by the Governor
V = Date vetoed by the Governor
O = Date veto overriden
J = Date of Approval of Joint Resolution. Amendments to the Constitution of the state of Indiana must be agreed to by two separately elected general assemblies. Once a joint resolution has passed one general assembly, it must then be presented to a second general assembly. If agreed to by the second general assembly, the amendment must be placed on the state election ballot and ratified by a majority of the voters.
W = Became Law Without Signature of Governor

Veto Overrides

IC 1-1-3.1-1 through IC 1-1-3.1-5 govern the effectiveness of acts passed over the governor's veto. IC 1-1-3.1-4(d) provides that if a provision of the act takes effect on a specified date and approval of the act occurs after the specified date the provision takes effect on July 1 next following approval of the act.
