

Community Spotlight Submission

You'll often hear us say our mission is to help our clients, co-workers, and communities succeed. Local non-profits, charities, and volunteer organizations play a key role in community success, and we're always on the lookout for ways we can help promote these important players. That's why we've added a "Community Spotlight" section to our Blog.

Ready to highlight your organization on the Citizens State Bank Blog? Simply complete the information below and submit an article to Leah Driver at ldriver@townfin.com. If you have any questions, you can contact her via email or call 888-529-5450, ext. 7749.

Your article should include the following, and graphics (logos, photos) should be sent in a jpg or png format.

- Contact Name
- Organization Name
- Organization Address
- Organization Phone
- Organization Email
- Website URL

Please note we will not publish articles geared toward promotional pitches of for-profit companies, products, or services and we avoid political, religious, or controversial subjects. We offer no financial compensation for highlighted organizations, and we reserve the right to edit submitted articles to comply with our format, or to not publish submitted articles altogether.
