

# CONTEMPORARY GLAUCOMA MANAGEMENT

AN INTERACTIVE APPROACH

SATURDAY MAY 4<sup>th</sup>, 2019

An Innovative CE Experience - Developed by members of the Intrepid Eye Society and the Optometric Glaucoma Society

Hosted by:  EYE SURGEONS of INDIANA

This activity is supported by an independent educational grant from Bausch & Lomb, Glaukos, and Santen

**LOCATION:** Eye Surgeons of Indiana | 9202 N. Meridian St. - Indianapolis, IN 46260

7:00 AM - 8:00 AM | Check-in/Breakfast/Exhibit Hall Opens

8:00 AM - 4:00 PM | Program (traditional lectures/panel discussions/small group breakout sessions)

## PROGRAM HIGHLIGHTS:

- Gain confidence in utilizing technology to aid in glaucoma diagnosis, to identify disease progression, and to help guide treatment decisions.
- Move beyond first-line therapy and understand when to add or switch therapies.
- Understand the evolving glaucoma treatment armamentarium, including new topical agents, drug delivery systems, and surgical interventions including SLT and MIGS.

*To supplement this program, an interactive, online mentorship with a member of OGS will be available to a limited number of attendees.*

**COST:** \$149.<sup>00</sup> (Includes breakfast, lunch, and 6 hours of COPE approved CE credit)
